Freedom R

Freedom R is a 108-foot raised-pilothouse motor-yacht with a more traditional yacht profile and an interior that is uniquely different in style, arrangement and function. Her interior was upgraded in 2010 to include a new full width, king size master stateroom with well design bath

along with additional decor improvements throughout. Her interior features rosewood cabinetry, with sapelli bulkheads. Guests aboard Freedom R have three staterooms, the forward two identical queen-berth cabins with en suite baths. Freedom R's master stateroom spans the full beam with his-and-hers bath aft, dual hanging lockers forward. Beginning with a rough length of 100 feet, the boat grew in design to supply ample room for the engine room, fuel tankage and the garage. In fact, the design of 108-foot (32.9-meter) Freedom R fairly revolves around the tender garage. The Main Engines upgrade to 1675 HP. Hargrave typically would have installed Cat 3412s on this size boat, but owners opted for the more powerful, cleaner-burning C32s, which pump out an added 275 horses each. The shaded aft main deck is the prime spot for dining and is accented with a gloss-finished teak overhead feature that incorporates lighting and mirrors the shape of the eight-seat table. Because the owners maintain an informal lifestyle aboard, the country kitchen is very generously sized and beautifully finished. The most outstanding feature is the view, however. There are no overhead cabinets to obscure the side windows, and three large windows in the forward bulkhead overlook the deck. Freedom R is in excellent condition and seriously for sale. You are encouraged to see her in person...you will not be disappointed!

Seller may consider trade 52' - 65' Sport Flybridge Cruiser.
