Accommodations

ANJILIS is a collaboration between Glade Johnson and the Trinity Shipyard. Her design is a luxurious contemporary flair with sentiments from the Art Deco era. To accentuate the beautiful Glade Johnson interior, the yacht has a maximum beam of 28 feet. With a maximum draft just under 7.50 ANJILIS is able to access most marinas and shallow coves and bays.

The cabinetry and woodwork throughout the yacht has been fashioned from exotic woods and laid out in an appealing styling. Complementing this feature is the use of premium natural fabrics as seen in the staterooms and accent pieces used throughout the yacht's interior.

ANJILIS has a pair of 2,250 HP Caterpillar engines that are capable of cruising at 18 knots. Built of all aluminum construction and classed to ABS Maltese Cross A1 Yachting Service, AMS and MCA Compliant, ANJILIS is everything a true yachtsman wants, a world-class, top pedigree interior combined with construction and mechanical systems second to none.
