ХАРАКТЕРИСТИКИ

Обзор

The 2010 46 Viking Convertible offers both incredible speed and an incomparable ride. The 46 features a 121 square foot cockpit mezzanine deck complete with bait freezer, seating, storage, and engine room access. She is loaded with desirable features like a tuna tower, painted black mask on the brow, custom Channel Glass salon window, teak cockpit & mezzanine, Murray Brothers rocket launcher, and a beautiful Premiere Edition Decor. All engine services are current on this one-owner trade to make sure she is ready to go for her next owner.

ПОДРОБНОЕ ОПИСАНИЕ

Vessel Overview

The Viking 46 Convertible accommodations include two staterooms and two heads. The master stateroom features a queen-size walk around berth with an upholstered headboard and teak end tables, with door and drawer stowage, a large maple-lined hanging locker, an entry credenza, a 22-inch flat screen television, xenon overhead lighting, air conditioning with reverse cycle heating and plush carpeting. A private head is forward and highlighted by a spacious and sizeable stall shower in the bow. The guest stateroom to port offers the convenience of comfortable upper and lowers berths along with the second head and stall shower. The stacked laundry center is located in the companionway. Taking advantage of the yacht’s generous beam, the salon is warm, inviting, and fully accented with beautiful teak joinery in satin finish. The layout outshines anything in its class with a roomy island and twin bar stools in the walk-through galley. Counter space topped with polished Corian hints at the sizeable stowage space below, including under counter refrigeration in slide out drawers. Other appliances are concealed behind teak cabinetry. A plush L-shaped sofa to port has rod stowage below and the dinette is forward. The main backlit electrical panel is at eye level upon entering the salon for ease of use and the home entertainment system includes a 37-inch flat screen television, Bose LS18 DVD/CD player and FM stereo with surround sound and powered subwoofer.

Standard Equipment
