OVERVIEW

The 195 FSH Sport from YAMAHA blends family-friendly utility with confident performance in a compact footprint, supported by Shestakov Yacht Sales and broker Andrey Shestakov for seamless purchase and after-sale guidance.

Selecting a 195 FSH Sport

Choosing the 195 FSH Sport means prioritizing versatility: a nimble motor yacht layout with center-console ergonomics for angling, towing, and day cruising. Its construction is a durable fiberglass build with practical deck finishes, while the center-console arrangement places controls and visibility where you need them most for coastal hops and lake adventures. Work with Andrey Shestakov and the team at Shestakov Yacht Sales to align this platform with your crew size, storage needs, and local waters.

Features of the Model

• Center-console deck plan optimized for fishing, families, and watersports
• Single-engine simplicity from YAMAHA for efficient operation and easier upkeep
• Robust center-console layout for walk-around access and 360-degree fishability
• Durable topsides and deck surfaces in a proven composite hull build
• Compact length for trailering, slips, and tight marina maneuvering

Technical Specifications

• Model: 195 FSH Sport

- Builder: YAMAHA
- Length overall (LOA): 19 ft (5.79 m)
- Engines: 1 x YAMAHA
- Engine type: Other
- Fuel type: Unleaded
- Hull material: fiberglass construction
- Deck material: Fiberglass
- Hull configuration: Other
- Category: motor yacht
- Subcategory: center-console design

Pricing and Ordering

Shestakov Yacht Sales provides current pricing, availability, and delivery timing for the 195 FSH Sport. Contact broker Andrey Shestakov to review build specs, comparable listings, transportation options, and any outfitting you may require.

Questions and Answers

Q: What type of boating best suits the 195 FSH Sport? A: It excels at day cruising, light fishing, and watersports thanks to its **center-console** layout and compact size.

Q: How many engines does it have? A: The 195 FSH Sport features a **single** YAMAHA engine for straightforward ownership.

Q: What materials are used in construction? A: The hull is a **fiberglass and plastic** composite within the композитной категории class, and the deck is **fiberglass** .

Q: What fuel type does the engine use? A: The engine runs on **unleaded** fuel,

supporting convenient refueling for most marinas and fuel docks.

Q: Who can help me order and outfit this model? A: **Andrey Shestakov** and the team at **Shestakov Yacht Sales** will coordinate pricing, options, and delivery for the 195 FSH Sport.

Owner Experience Review

Owners position the 195 FSH Sport from YAMAHA as a versatile day boat that splits time between family cruising, casual fishing, and weekend watersports. The jet drive's shallow draft and nimble handling make tight bays, sandbars, and skinny water approachable, while the roomy bow and practical cockpit work well for short outings. Swim platforms and easy boarding earn frequent praise, and families note the layout fits day trips comfortably without pretending to be an overnight boat.

On the water, it behaves like a jet boat: quick to accelerate with confident low-end thrust and a comfortable mid-range cruise. In calm to moderate chop, owners describe a stable, predictable ride for a 19-foot platform, though it can feel lively at higher speeds compared with larger V-hulls. Ergonomics at the helm are functional but compact, storage is finite, and owners frame it as a purpose-built day-boat rather than a cruiser. Maintenance reports trend positive on engine and jet-drive reliability, with routine checks, impeller/jet inspections, and winterization being the norm; some owners mention minor items like blower/vent routing and livewell hatch shocks as occasional DIY attention points, and note that access is tighter than bigger outboard setups.

Pros and Cons

• Versatile layout supports family day cruising, fishing, and light watersports.
• Jet drive offers nimble handling, shallow-water access, and brisk acceleration.

• Swim platforms and boarding access are well-executed for a 19-foot day boat.
• Ride can feel lively at higher speeds compared with larger V-hulls.
• Storage and helm space are limited and align with day-boat use only.
• Some owners report minor DIY fixes (e.g., vent routing, livewell hatch shocks) and tighter service access.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
195 FSH Sport	19' 0" (5.79 m)
