OVERVIEW

Discover the versatile 255 FSH Sport E from YAMAHA—a family friendly center console that excels at inshore gamefishing as well as carefree cruising with friends. Shestakov Yacht Sales and broker Andrey Shestakov stand ready to guide you through selection, pricing, and availability for this nimble motor yacht featuring a durable fiberglass hull and a smart, well planned layout.

Selecting a 255 FSH Sport E

Choosing the 255 FSH Sport E means selecting a capable center console that blends fishability, water sports fun, and day boating comfort. With twin power from YAMAHA, an efficient hull, and family friendly freeboard, it's an approachable step up for owners moving into a 24 foot class platform. Consult Andrey Shestakov at Shestakov Yacht Sales for guidance on fit, options, and current market opportunities.

Features of the Model

• Purpose built center console layout for unobstructed deck movement and 360° fishability
• Robust fiberglass construction for low maintenance and longevity
• Twin YAMAHA propulsion for confident handling and redundancy
• Family friendly proportions in a compact motor yacht footprint for easy trailering and storage
• Practical day boating amenities supported by dedicated fuel and water capacities

Technical Specifications

• Model: 255 FSH Sport E by YAMAHA
• Classification: motor yacht / center console
• Hull and Deck: fiberglass and plastic hull; Deck material: Fiberglass
• Length Overall (LOA): 24 ft (7.32 m)
• Beam: 8 ft (2.59 m)
• Engines: 2 x YAMAHA; Type: Other; Fuel: Unleaded
• Hull configuration: Other
• Fuel Capacity: 111 gal
• Fresh Water Capacity: 10 gal

Pricing and Ordering

Work directly with Andrey Shestakov and the team at Shestakov Yacht Sales to review current pricing, build slots, and availability for the 255 FSH Sport E. We coordinate specifications, documentation, and delivery, ensuring your center console purchase is smooth from offer to handover.

Questions and Answers

Q: What kind of boating is the 255 FSH Sport E best for? A: Its **center console** design and twin **YAMAHA** power make it ideal for inshore fishing, water sports, and family day cruising.

Q: How big is the boat and will it fit my slip or trailer? A: With a **24 ft LOA** and **8 ft beam** , it’s a practical size for many standard slips and trailerable setups.

Q: What materials are used in construction? A: The hull is **Fiberglass and Plastic Yachts** , and the deck is **Fiberglass** , providing durability and low maintenance.

Q: What are the fuel and water capacities? A: It carries **111 gallons of fuel** and **10 gallons of fresh water** , well suited for active day trips.

Q: Who can help me with pricing and purchase? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** for personalized guidance, pricing, and ordering of the 255 FSH Sport E.

Owner Experience Review

Owners use the 255 FSH Sport E by YAMAHA primarily as a versatile family day boat that can pivot to nearshore fishing without rearranging the whole deck. Feedback highlights a stable, confident ride at cruise with predictable handling, and many appreciate the cockpit flow, rod and storage placement, and a helm and seating plan that make mixed use weekends—cruising, light watersports, and fishing—easy to execute.

That said, owner threads also call out the jet boat character at idle and around docks, noting louder drives and a distinct low speed feel that takes practice. Some boats have shown a tendency to track to one side until steering/trim is dialed in or a dealer adjustment is made. Ergonomic nitpicks recur—anchor locker fit and drain placement, plus scupper/drain hardware that some owners replace. Maintenance experiences are mixed: while many log normal seasons, others report electrical gremlins requiring warranty visits, early run build quality concerns (loose/stripped fasteners and fuel-tank leakage on certain 2020–2022 boats), and intermittent start issues on twin engines, including at least one diagnosis involving water intrusion.

Pros and Cons

• Stable and predictable at cruise, giving families confidence on day trips.
• Deck, rod storage, and helm layout suit both nearshore fishing and social

cruising.

• Flexible platform for weekend leisure with easy transitions between activities.

• Jet drives are louder than prop setups and feel different at low speeds.

• Some owners report tracking to one side until adjusted by dealer or setup.

• Recurrent reports of anchor locker/drain and scupper ergonomics plus occasional electrical and early build issues.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
255 FSH Sport E	24' 0" (7.32 m)	8' 0" (2.59 m)
