Walkthrough

Step aboard through an entry boarding gate on either side into an expansive teak sole cockpit with aft seating area before walking through a bi-fold door that folds all the way back against the starboard bulkhead, making the aft galley, salon, and outdoor cockpit one continuous space to enjoy and entertain.

The salon features custom cabinetry, significant headroom, and wide windows giving plenty of natural light and views of the water. A dining area is located to starboard and seating opposite. Access to the bridge deck is via a floating staircase to starboard near the bi-fold doors.

Up above, the enclosed bridge layout features two Stidd helmseats, extra wide windows all around, teak dining table and seating to starboard, aft refrigerator unit to port, and the aft balcony outside will be sure to make this space the place to ride while underway.
