OVERVIEW

Poised on the French coastline and crafted for sunlit passages, this 2022 motor yacht marries contemporary styling with a compact 33 ft profile. Built in advanced fiberglass composite, the hull combines a lightweight feel with reassuring rigidity, while a broad 10 ft beam delivers exceptional stability and generous interior volume for refined life aboard. Propelled by twin Mercury outboards, the yacht responds with brisk, assured acceleration and a quietly powerful thrust, yet retains a shallow draft and uncomplicated maintenance—perfect for slipping into secluded coves or threading between Riviera marinas. Clean, purposeful lines and a poised stance give immediate notice of an express cruiser that balances performance and refinement.

The cockpit is arranged for both leisurely afternoons and lively entertainments, featuring deep, secure seating in premium upholstery and a convertible lounge that opens harmoniously toward the water. A thoughtfully executed transom ensures effortless water access for swimming or handling a tender, while the foredeck provides a sun-drenched sanctuary for languid mornings at anchor. Below decks, a bright, well-finished cabin presents a welcoming berth, tasteful fittings, practical stowage and an enclosed head, offering the privacy and comforts expected of a capable weekender. Throughout, tactile finishes underfoot and the hushed operation of the outboards reinforce a calm, luxurious ambiance.

As a versatile luxury motor yacht, she is equally at home delivering spontaneous day outings or measured coastal cruises. The fiberglass deck promises low-maintenance durability, and the modern helm—with intuitive controls and clear engine data—keeps attention forward, letting the horizon remain the focus. Whether moored for elegant evenings in port or cruising between sunlit bays, this 2022 express cruiser elevates every moment afloat with style, agility and enduring comfort.
