OVERVIEW

MADAMA II is a 2005 Sunseeker Manhattan 50, a flybridge model noted for its low, sporting profile from the Poole yard and an LOA of 52 ft. Purchased in Salerno in 2023, she underwent a full interior refresh prior to handover, featuring new white leather upholstery throughout and new curtains. Since then she has been diligently maintained, including new electronics at both helm stations, new batteries, and regular engine servicing.

Three cabins plus a separate crew cabin, together with a size that remains owner-manageable, make her an ideal first flybridge for a couple or family, or an easy, well-kept choice for an experienced owner focused on pure enjoyment afloat.

Italian flag. EU VAT paid. Lying Lake Garda and available for viewing upon request.

DETAILED DESCRIPTION

Detailed Description

MADAMA II is a 2005 Sunseeker Manhattan 50, a 52 ft LOA sport yacht with a long, low profile atop a proper deep-V hull and a flybridge that provides a second helm and an ample sociable upper deck without the bulk of a larger yacht. The dark blue hull presents a well-aged design and an attractive example of Sunseeker's compact flybridge concept.

Her current owners located her in Salerno in 2023. Prior to taking possession the Alcantara was removed and the saloon and cabins were re-upholstered throughout in new white leather, with new matching curtains, producing a light, fresh interior. Since then she has been used on Lake Garda and maintained accordingly. The engines were fully serviced at purchase and have had regular checks and filter changes since, with a further service planned this year. All batteries are new. Toilet pumps and the freezer have been replaced. The air conditioning has been serviced and new Raymarine electronics have been installed at both helms.

The yacht is equipped for long days afloat and comfortable nights aboard. A teak aft cockpit leads to a fixed swim platform with ladder and underwater lights; cockpit speakers provide music, and a hydraulic gangway facilitates stern-to access. The flybridge offers a large sunpad, seating and the second helm beneath a bimini. Below deck, three guest cabins sleep six — a master amidships, a forward double and a twin — with air conditioning throughout. A separate crew cabin aft can accommodate a skipper when required, and an inflatable tender with outboard is included.

At 50 feet overall, with a bow thruster and electronic engine controls, MADAMA II is a yacht an owner can comfortably operate themselves. She is suited to a couple or young family stepping up to their first flybridge yacht or to an

experienced owner seeking a well-kept Sunseeker without the commitment of a larger vessel. Based on Lake Garda, she offers easy access to northern Italy, Switzerland, Austria and southern Germany.

Italian flag; EU VAT paid. All fixed equipment remains on board. Available for viewing on Lake Garda upon request. Shestakov Yacht Sales.

Engine History

MADAMA II, built in 2005 by Sunseeker as a Manhattan 50 with a length overall of 52 ft, received full service at the time of purchase, followed by inspections and filter changes; another service is planned for this year. Coolant level floats are fitted, and the yacht is equipped with Volvo EVC electronic engine controls.

Refit History & Upgrades

MADAMA II is a 2005 Sunseeker Manhattan 50, with a length overall of 52 ft. Prior to purchase, the Alcantara was removed and the entire white interior leather was replaced in 2023. All new batteries were fitted, and the toilet pumps were replaced. A new freezer was installed. A full engine service was completed at purchase, followed by inspections and filter changes, with a further service planned for this year. Coolant level floats and air conditioning maintenance have been carried out. New curtains were fitted, and new Raymarine electronics were installed at the flybridge and lower helm.
