OVERVIEW

VICTORIA C, a 2025 Falcon Yachts 102 spanning 94 ft LOA, offers a rare opportunity to own an Italian motor yacht that blends timeless styling with generous volume and assured cruising comfort.

The yacht began as the final Falcon 102 hull and remained around half-finished until a dedicated enthusiast took over in 2021 and, in close collaboration with a Viareggio shipyard, brought it to completion to exacting standards. Registered for the first time in 2025, she benefits from a comprehensive technical renewal, including two brand-new MAN V12 engines rated at 2,000 HP each installed in 2023, along with entirely new navigation electronics and electrical systems.

The result is a distinctive Falcon 102 that marries its proven design and spacious layout with modern machinery and updated onboard systems—an uncommon opportunity with a compelling, passion-led provenance.
