SPECIFICATIONS

Overview

The Azimut Atlantis 50 is a high-performance sportcruiser whose powerful lines say a lot about her personality. Stepping aboard, there’s a tremendous feeling of openness that runs through theboat. The layout from the helm station to the swim platform isa single continuous space—sun lounges, a wet bar, the helm station, and swim platform all combine without interruption. The main deck area—which is wide open to the cockpit—features a U-shaped lounge with fixed table to port and entertainment center to starboard with retractable flat screen TV. The power sunroof over the helm provides ventilation. The galley, four steps down from the pilothouse level, receives natural light through the windscreen. The forward VIP cabin boasts a centerline queen bed and private head access, and angular hull windows provide a view of the water. The full-beam owner’s stateroom is amidships and features a walkaround king bed in addition to large hull windows, tons of storage, and ensuite head. The hydraulic swim platform can lift a jet ski, and a tender garage is under the sun pad. Cummins 600hp QSC 8.3L V-drive diesels cruise at 26–28 knots (30+ top).
