SPECIFICATIONS

Overview

This fully custom vessel has been uniquely designed for speed and stability. The stepped chine allows the vessel to ride on a narrow bottom and reach an impressive speed of over 50 mph in any weather condition. The sleek and sporty look of SECOND CITY is sure to turn heads. Priced to sell this exotic boat would cost over $1,500,000 to build. Call today to schedule a tour of this unique vessel built to perform!

DETAILED INFORMATION

Overview

Equipped with Arneson Surface Drives (ASD) and twin Yanmar diesel engines this vessel was built for speed. The ASD surface-piercing propeller reduces drag by over 50% compared to the conventional submerged propeller systems. Not only does this cut fuel costs, it also allows for immediate acceleration, greater speed, and better payload-to-power ratio. As you board SECOND CITY from the stern the expansive cockpit is sure to impress. There is ample room for fishing, lounging, water sports, or entertaining guests. Entering the cabin, you will find sporty and modern features. There are two leather captain’s chairs in the aft of the cabin. Down two steps you will find two more leather high back captain’s chairs with folding armrests. Throughout the cabin the generous headroom makes the vessel feel much larger and allows for plenty of storage space. Down two more steps on the port side you’ll find a fully equipped enclosed head. Across on the starboard side you’ll find a large galley area with a spacious countertop. Forward is an oversized v-berth, perfect for relaxing after a long day on the water.

Accomodations

- Large V-berth
- Reading lights
- Enclosed head and shower
- TECMA toilet
- SHARP microwave
- WAECO refrigerator/freezer
