OVERVIEW

The PEARL 72 is available for sale—a luxury motor yacht from British builder Pearl Yachts, known for composite hulls, roomy interiors, and modern solutions. It is aimed at comfortable cruising, family holidays, and business use afloat. The PEARL 72 suits owners who want a mix of elegant design, strong seakeeping, and practicality, and is well suited to long voyages, charter, and representative use.

PEARL 72 Yacht Selection

Our broker helps you select the right PEARL 72 for your condition, specification, and budget. We arrange viewings, sea trials, and review technical and service records, and support the transaction and owner negotiations legally.

Features of the PEARL 72 Model

The PEARL 72 is a motor yacht with a flybridge: two decks, composite hull, hardtop, and a generous cockpit, laid out for comfortable living and extended cruises.

Highlights include a flybridge with a lounge area, four guest cabins (including a full owner's cabin), and a clear interior layout. The composite hull gives strong stability and lower weight, improving performance and efficiency.

The PEARL 72 was built over a number of years; the market now centres on used examples in very good condition. It belongs to Pearl's cruising range, mixing traditional British build with modern tech such as stabilisation and efficient engines.

Popular alternatives: Azimut Yachts 70 - smaller interior volume; Ferretti Yachts 760 - comparable specs, different styling; Absolute Yachts Navetta 68 - more expedition-focused; Azimut Yachts 80 CARAT - larger, higher price; Horizon Yachts 82 Cockpit Motoryacht - different layout philosophy.

The PEARL 72 stands out for its sensible cost, efficiency, quality finish, and a good balance of size and comfort.

Technical Specifications of the PEARL 72 Model
