SPECIFICATIONS

Overview

Coastal Craft is renowned for crafting vessels of commercial caliber, and this 400 IPS Coastal Cruiser is no exception, built with the resilience of a fortress. It boasts top-tier features and quality throughout. Fashioned from robust aluminum, this yacht is engineered to excel in the challenging waters of the Pacific Northwest. The seamless finish of its welded-aluminum exterior is a testament to the expertise of Coastal Craft's welders and their advanced pulsed-MIG welding techniques. The main deck offers a helm, saloon, galley, and dinette, while the lower deck features a forward master suite with a split head—MSD to starboard and shower to port—and a guest cabin aft, ensuring a spacious and comfortable cruising experience. The standout feature, however, is the impeccable fit and finish. Despite the sound and vibration-dampening materials hidden within the urethane-varnished cherry joinery, the craftsmanship is as flawless as the yacht's exterior. The carpentry skills in British Columbia are truly remarkable.

2017 Volvo Penta D6-435 D-F engines, 5.5 L435 hp, 6 cylinders, only 1200 hours, rated for 20,000 hours
