SPECIFICATIONS

Overview

The talented architects Roberto Biscontini and Lorenzo Argento have crafted this stunning 54-foot yacht, setting a new standard for luxury cruisers that seamlessly blend cockpit and interior designs without compromising on performance, practicality, or comfort. This vessel embodies the signature characteristics of the Oceanis line, striking a perfect harmony between aesthetics and functionality, making her equally adept for exhilarating ocean voyages or relaxed sunset sails. With a focus on superior craftsmanship, premium materials, and the innovative spirit synonymous with the BENETEAU brand, the Oceanis Yacht 54 stands as a pinnacle of contemporary monohull cruising design.

Featuring a straight bow that enhances interior space and a generous beam of 16.3 feet extending towards the stern, the Oceanis Yacht 54 boasts a cutting-edge, well-balanced hull that promises excitement in all sailing conditions. Special attention has been given to deck movement, particularly around the cockpit, which transforms the traditional center cockpit layout into a sleek design with dedicated areas for relaxation and sailing. Thoughtfully designed coamings and elevated bulwarks enhance safety while moving to the foredeck, and a spacious swim platform provides easy access to the water, cleverly concealing storage for an eight-foot inflatable tender beneath the cockpit. The Oceanis Yacht 54 is offered in three draft options: shoal, deep, and performance, measuring 6.4, 8.2, and 9.9 feet respectively.

Lorenzo Argento aimed to create a warm, contemporary interior filled with natural light and ventilation. The layouts of the Oceanis Yacht 54 are tailored to meet the demands of today's yacht owners, featuring intelligently designed cabin arrangements that deliver exceptional comfort and ample storage. The dining and seating areas have been thoughtfully reimagined to promote both social interaction and functionality, with easy access to all essential systems and components cleverly integrated into the design. Buyers can choose between two configurations: a 3-cabin, 2-head or a 3-cabin, 3-head layout, available in light oak or walnut finishes.

At first glance, she is unmistakably an Oceanis – with her mainsail arch, sleek sheerline, graceful proportions, and signature coamings and portholes. This yacht honors her lineage by continuing to provide the features that have established the Oceanis range as a leader in the industry. A wide selection of options, trim levels, rigging configurations, and mechanical components ensures that

there is a customized yacht to meet the desires of every sailor, and her elegant design is sure to attract attention in every harbor and across every ocean. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies luxury and performance.
