OVERVIEW

The Athena exemplifies the classic catamarans crafted by Fountaine Pajot in the 1990s, primarily aimed at the charter industry, though a significant number were acquired for personal enjoyment.

This yacht for sale boasts a spacious yet uncomplicated interior that is both bright and inviting, designed for effortless upkeep. It features four double cabins and two bathrooms, along with a generous saloon that incorporates the galley and a compact chart table. While many of these vessels were intended for charter use, the living quarters are perfectly suitable for family cruising, although storage is primarily in open lockers and the interior design could benefit from a touch of flair.

As one of the more efficient performers among charter-focused catamarans, the Athena is relatively lightweight with sleek hulls. The bridgedeck clearance is impressive, and sail handling is made easy from the expansive cockpit, complemented by ample sunbathing areas located in front of the saloon.

With a lengthy production span from 1995 to 2005, the pricing for these yachts varies significantly. Many are available in international markets, particularly in the Mediterranean and Caribbean, which should be considered when looking into yacht sales in the current boat location. If you're looking to buy a yacht that combines performance with comfort, the Athena is an excellent choice.
