OVERVIEW

Bear is a stunning representation of the iconic first-generation Nordic Tug 32—a full-keeled, semi-displacement cruiser that has captured the admiration of boating enthusiasts for years. Acquired 26 years ago by its current owners, Bear has provided them with countless enjoyable outings, all while being meticulously cared for. This seaworthy vessel features a timeless design, excellent handling, and ample storage options.

The Nordic Tug 32 showcases a classic tugboat aesthetic, complete with a faux smokestack and a charming pilothouse. Inside, Bear boasts a spacious cabin filled with natural light, generous storage, and a galley equipped with a stainless steel sink and faucet. This yacht is an outstanding choice for coastal cruising, offering graceful lines and superb maneuverability.

Constructed with robust craftsmanship, it is built to navigate challenging waters with confidence. Its solid, hand-laid fiberglass hull and reinforced structure ensure durability and reliability, even in rough conditions. The full-displacement hull and moderate beam provide remarkable stability and a smooth sailing experience.

The enclosed pilothouse protects from the elements while maintaining excellent visibility, making navigation through rain, fog, or wind more comfortable and secure. With a well-balanced engine and impressive fuel efficiency, the Nordic Tug 32 is perfect for long voyages and island-hopping adventures. Its range and economical performance make it an ideal choice for exploring the vast waterways. This yacht is currently available for sale in its current boat location and is held within an LLC, allowing for a tax-efficient purchase. Don't miss the chance to buy a yacht that beautifully combines classic charm with modern functionality.
