ХАРАКТЕРИСТИКИ

Обзор

“Daddys Lady” is an extraordinary 84' Lazzara Skylounge Motor Yacht that stands out in the luxury yacht market. Having undergone a meticulous refit in 2019, this stunning vessel is maintained to the highest standards, giving her a fresh, like-new appearance. As a semi-custom creation by Lazzara, she boasts unique features that set her apart from other yachts in the fleet. The master stateroom is a true sanctuary, featuring his and her private heads, a jacuzzi, a separate walk-in shower, and two spacious walk-in closets, along with ample storage for linens and toiletries, ensuring comfort on every voyage. In addition to the master suite, “Daddys Lady” offers three guest staterooms, each with ensuite baths, a day head on the main deck, and two crew quarters with a dedicated full bathroom. The thoughtful layout is perfect for entertaining and extended cruising, providing a smooth and step-free main level, unlike many vessels of her size.

The enclosed, climate-controlled pilothouse features a raised dinette for the owner or crew, complemented by a generous covered aft deck that serves as an ideal dining and entertainment space.

The previous owner acquired “Daddys Lady” in 2017, and while the yacht was already in excellent condition, they sought to modernize her with the latest technology. After nearly two years of cruising, “Daddys Lady” underwent a comprehensive refit of all ship systems, helm, flybridge, and bow, executed by skilled craftsmen at Lauderdale Marine Center.

In 2019, the following upgrades were made:

- A new Dometic air conditioning system, including compressors, air handlers, and control displays
- Replacement of the ISIS ship monitoring system with the Poseidon NEMA2000 system
- Installation of all new AV equipment throughout the yacht
- New CAT engine monitoring displays
- Complete navigation equipment overhaul, featuring four Garmin glass monitors in a custom Nav Pod, a new Simrad autopilot, a new Simrad monitor for Poseidon ship monitoring, a new in-dash backup Garmin plotter, and 16 remotely accessible cameras covering the vessel, including the engine room and bilge areas, along with new cell Wi-Fi and KVH Sat Wi-Fi
- All new exterior teak decks

- Replacement of all exterior window caulking
- Additional Summit refrigeration on the aft deck and bridge
- Two Electrolux stacked washer-dryer units
- A custom-built L-shaped settee under the hardtop on the bridge
- A custom-built server bar under the bridge hardtop, complete with refrigeration and grill
- An additional air conditioning unit for the covered bridge deck settee
- Custom bow seating, sun lounge, and table
- A custom bow sunshade
- A custom bridge deck sunshade for the aft deck of the bridge
- A rebuilt hydraulic platform with an increased capacity of 2500 lbs
- Replacement of the CAT aftercooler in 2017, with cleaning and pressure testing completed in 2020 at 1697 hours and again in December 2023 at 2700 hours
- Replacement of all engine, generator, hydraulic, and air-conditioning raw water hoses aboard the vessel
- All wall headliners replaced in 2019
- Replacement of all exterior soft goods
- Additionally, “Daddys Lady” was completely repainted just before her previous owners acquired her in 2017
- The yacht is maintained on the Vessel Vanguard tracking system to ensure all necessary maintenance is performed.

This exquisite yacht is currently available for sale, making it an exceptional opportunity for those looking to buy a yacht in the current boat location. Explore the luxury yacht sales in the area and discover the unmatched elegance of “Daddys Lady.”
