OVERVIEW

2024 Evo Yachts R6

Inviting, for all

A day spent aboard a yacht is always thrilling, particularly for those not at the helm.

The R6 has been crafted with inclusivity in mind: the helm seamlessly integrates into the social space, featuring a chaise longue adjacent to the control station, while the galley is conveniently located behind the driving area. This thoughtful design ensures that even the captain can relish the company of guests.

The Xtensions sides transform with a unique system of rotating planes, creating a continuous surface that enhances the sunbathing experience.

The sun deck cleverly conceals two gates that secure the stern area during navigation.

With the sporty elegance of an open yacht, the R6 also offers the spaciousness and comforts typical of a cabin cruiser.

A simple touch on the control touchscreen activates the XTensions walls, expanding the beach area into a versatile lounge, a sunbathing zone with integrated chaise longues, or an open space perfect for entertaining. You will certainly make a statement.

The beach area can also accommodate the optional Transformer platform, which rotates 270° on its axis, facilitating easy boarding and disembarking, diving, and water activities, allowing you to stay even closer to the water.

The R6 features up to three bright and comfortable double cabins, complete with cleverly concealed storage beneath the beds.

Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies luxury and style.
