OVERVIEW

Now available in Fort Lauderdale.

This stunning 2022 model comes equipped with a Seakeeper and is still under warranty.

Recently pampered with a full wax on December 8, 2023, and a bottom job completed in December 2023, this yacht also features prop speed on the props and pod service scheduled for 2024.

Immaculate condition, outfitted with Garmin electronics, joystick control, a tender, hydraulic platform, SeaKeeper, a 400GPD water maker, and a galley located aft.

The Absolute 50 Flybridge boasts a spacious layout with three staterooms plus crew quarters, making it perfect for entertaining guests. With joystick control, AIS, a bow thruster, and the latest Garmin Active Captain technology, this yacht is designed for ease of operation, appealing to both seasoned and new owners. The 50 Flybridge captivates with its elegant yet neutral color palette, high-quality materials, and exquisite finishing touches. Compare the layout and space, and you will be impressed.

The exterior design is striking, featuring uninterrupted window views thanks to the reduced pillars compared to other models. This design enhancement also benefits the lower deck cabin windows and salon.

Outdoor entertaining options are abundant. The versatile aft cockpit seamlessly connects to the galley through sliding doors, allowing for a smooth transition between indoor and outdoor spaces. The sofa can easily transform into a spacious sunpad, perfect for basking in the sun. The flybridge, one of the largest in its class, features an impressive hardtop with an opening sunroof, a large table surrounded by a sofa, a full bar area, and an upper helm with double seating. Additionally, a comfortable sun lounger is situated at the front, allowing guests to engage with the captain.

The third outdoor space is a sunbathing area located at the bow, easily accessible via a pleasant and well-protected walkway.

The Absolute 50 Flybridge incorporates features and solutions typically found in larger luxury motor yachts. The IPS-600 systems ensure optimal performance, low fuel consumption, quiet operation, and minimal vibration. This yacht has been thoughtfully designed for true livability, making it an exceptional choice for those looking to buy a yacht. Explore yacht sales in the current boat location and seize the opportunity to own this remarkable vessel.
