OVERVIEW

This exquisite 1988 Grand Banks Classic trawler, featuring Twin Cummins engines, has recently undergone extensive upgrades, including new fuel tanks, a new water heater, and fresh shaft seals. The engine compartment is immaculate, and the teak woodwork has been beautifully revarnished. The bottom has been painted by Bradford Marine in Fort Lauderdale, ensuring a pristine appearance both inside and out.

The 1988 model marks the inaugural year of the enhanced beam and length for the GB36. This yacht for sale boasts three air conditioning units, with the salon unit replaced in 2024 and the master stateroom unit updated in 2023, providing optimal comfort in any climate.

At the bow, you will find cozy V-berths accompanied by a VacuFlush head to starboard and a hanging locker to port, complemented by convenient drawers beneath the berths.

Moving aft, the salon features a lower helm station and a side door to starboard. To port, the galley is equipped with a stove, oven, microwave, and refrigerator, along with ample storage for provisions and dishware. Behind the helm, a dry bar and an L-shaped settee with a teak drop-leaf dining table create an inviting space, with the port side door conveniently located across from the dining area.

The master stateroom, located aft of the salon, offers a double berth to starboard and a single berth to port. This private retreat includes an en-suite head with a VacuFlush toilet, a separate shower stall, and a sink. Additionally, a spacious hanging locker and storage locker are found on the port side, with drawers beneath each berth for added convenience.

This yacht has been meticulously maintained, regularly serviced, and hauled out as needed. A diver cleans the bottom monthly and replaces zincs when necessary. Currently, the boat is stored behind the owner's residence in

Southeast Florida, making it an ideal location for yacht sales in the current boat location.

Equipped with modern electronics at the lower helm, this vessel features a Fusion stereo, Standard Horizon VHF radio, Garmin GPSMap 742xs with Clear Vu and Chirp Sonar, a Garmin autopilot display, Xantrex battery monitor, Garmin depth sounder, Garmin 1040 xs, and a Garmin GMS 10 Network port expander. The flybridge helm is also outfitted with updated electronics, including a Garmin 1040xs, Garmin autopilot display, Standard Horizon VHF radio, and a Garmin depth finder. The yacht is further enhanced with NMEA 2000 and AIS capabilities, making it a perfect choice for those looking to buy a yacht that combines luxury and functionality.
