ХАРАКТЕРИСТИКИ

Обзор

This 52 Hatteras is a remarkable sport fishing yacht crafted by the esteemed Hatteras Yachts, a distinguished name in American yacht manufacturing. The 52 model stands out as one of the most sought-after in the Hatteras sport fishing series, celebrated for its outstanding performance and luxurious comfort. It features an expansive cockpit, outfitted with all essential amenities for avid anglers, including a generous fish box, live bait well, and numerous rod holders. The yacht also boasts a spacious flybridge, providing breathtaking views and ample seating for guests to enjoy.

Inside, the yacht reveals a sumptuous interior adorned with premium finishes and materials. The salon offers cozy seating, including a queen-size fold-out couch, perfect for relaxation. Below deck, you will find a fully equipped galley and three well-appointed staterooms, each with its own private head and shower.

The cockpit is impressively large, perhaps larger than necessary, which may explain why this model hasn't achieved even greater sales success. It caters exceptionally well to serious tournament fishermen, yet those seeking a more social experience might look elsewhere. Nevertheless, for those interested in a versatile vessel, it presents a wealth of features, including an excellent bridge layout. The helm is complemented by a bench seat at the front and a larger seat along the starboard side, comfortably accommodating 7-8 guests without feeling cramped. The pipe frame tops are standard, fitting seamlessly and allowing for easy installation of soft enclosures.

Another standout aspect is the generous unobstructed deck space, facilitating easy movement during social gatherings. Many guests prefer to stand rather than sit, and there is ample room to do so without intruding on others' space. The tubular stainless handrail surrounding the windshield is a hallmark of quality yachts, providing a secure grip without the risk of damaging the Plexiglas windscreen.

Powering this beauty are twin Detroit 8V92 diesel engines, delivering a cruising speed of 14 knots at 52 GPH. The yacht is equipped with advanced navigation and communication systems, ensuring a safe and dependable choice for long-range fishing adventures. A brand new generator has also been installed. While designed primarily for sport fishing, this yacht would also serve as an exceptional cruising vessel, particularly due to its three stunning staterooms, each featuring spacious heads with stall showers. Explore yacht sales in

the current boat location and seize the opportunity to buy a yacht that combines performance with elegance.
