OVERVIEW

This exquisite yacht, having had only two owners, was originally acquired from Clear Lake, Texas, where it enjoyed the serene brackish waters for most of its life, except for the last two years. It boasts a highly sought-after Shaft-Drive configuration, featuring Cummins QSB 6.7L engines with 480HP and just 665 hours of use (no PODS). Maneuvering this beauty at the dock is a breeze, thanks to the Bow and Stern Thrusters, complemented by a convenient Remote Control that allows you to operate the Thrusters from any spot on the deck. For those interested in yacht sales in the current boat location, this stunning vessel is a must-see.

Recently Enhanced with New AC in the Forward State Room, New AC Raw Water Pump, and New Batteries

Shaft Drive / NO PODS

Bow & Stern Thrusters
