Catalina Capri 22

Known for its sweet sailing performance in nearly all conditions, the Catalina Capri 22 has been winning sailors since its introduction. The Capri 22 is more comfortable, safer at sea and easier to maintain than any boat in its class.

The striking deck profile is flared across the stern and has wider cockpit curves for crew comfort during and after sailing. Under the hull reclining length seats is a large storage locker and separate battery locker.

Maintaining one-design hull and rigging still allows for increases in efficiency and reduction in effort. Halyards raise the sails with less effort, thanks to the elimination of deck turning blocks.

A 12 volt electrical system with control panel offers all the conveniences of information and entertainment at the touch of a switch.

A complete racing package is available, including: symmetrical spinnaker, sheets, pole and backstay tension adjuster.

The enclosable head and available galley module make the Capri 22 suitable for extended daysailing or weekend.
