OVERVIEW

The Dufour 37 stands out as the only yacht in its class to provide such an abundance of living areas on board.

Crafted with precision, the hull of the Dufour 37, similar to its larger counterpart, the Dufour 470, utilizes an infusion process that ensures optimal weight control, enhanced durability, and environmental sustainability.

With its intelligently designed volumes and a bow that maximizes space, the Dufour 37 features a spacious owner's cabin at the bow, offering impressive headroom for comfort.

Whether you opt for the three-cabin or the two-cabin layout with a generous bathroom, the interior of this model is flooded with natural light, courtesy of the expansive central hull windows.

The Essence of Dufour

Retaining the hallmark of Dufour, this yacht promises ample outdoor living spaces.

The Dufour 37 incorporates the key innovations that contributed to the success of the Dufour 470: a bowsprit platform, large deck hatches, and hull windows, along with a thoughtfully designed outdoor layout that facilitates easy movement on deck. You will also appreciate a more spacious cockpit compared to other yachts in this category.

Onboard this latest model, as with all recent additions to the lineup, the focus is on enhancing outdoor living.
