OVERVIEW

50m Hybrid superyacht NO STRESS, delivered by Rossinavi in July 2023, proudly stands as the inaugural vessel under the shipyard's BlueE initiative.

This remarkable yacht is outfitted with five distinct operating modes to enhance energy efficiency, whether at anchor or cruising. Advanced AI technology meticulously monitors consumption while in electric mode, ensuring a seamless experience. As a high-performance hybrid superyacht, it operates on dual fuel—diesel and battery—allowing you to fully embrace the electric lifestyle on board.

With a sleek silhouette and dynamic design crafted by Enrico Gobbi - Team for Design, NO STRESS features expansive floor-to-ceiling windows that complement her fast-displacement hull. The overall aesthetic draws inspiration from the automotive industry, creating a striking visual appeal.

Accommodating up to 10 guests, this luxurious yacht offers five elegantly appointed staterooms, including a Master suite on the main deck, two VIP suites, and both Double and Twin cabins on the lower deck. With an impressive range of 5,300 nautical miles at 10 knots and a top speed of 20.5 knots, she is the perfect choice for discerning clients seeking world cruising adventures.

On deck, you will find a generous walk-around bow featuring a 10-square-meter pool, alongside an aft cockpit DJ station, designed to the owner's specifications and overlooking the inviting open beach club.

The seasoned owner of NO STRESS has exciting new plans, presenting a fantastic opportunity for those interested in acquiring a turn-key hybrid superyacht under 500GT, which remains under shipyard warranty until July 2025. Explore yacht sales in the current boat location and seize the chance to buy a yacht that embodies luxury and innovation.
