Overview

One Owner Cabo Express, poised for its next adventure!

Crafted by the esteemed boat-building duo of Henry Mohrschaldt and Michael Howarth, who were recognized by Fortune Magazine for creating one of the world's top 100 products, the Cabo 35 Express stands as a paragon of design, craftsmanship, and performance. Renowned offshore powerboat racer Dick Ornstein understands that achieving exceptional performance requires a perfect fusion of design and construction. When it was time for him to select a sportfish for personal enjoyment, he chose Cabo for these very reasons. Equipped with powerful Caterpillar V-8 diesel engines, the Cabo 35 Express boasts an impressive top speed exceeding 40 mph at 2750 rpm.

However, what truly matters in real-world conditions is the Cabo Express's ability to cruise comfortably at 33 mph while covering nearly 350 miles. This remarkable combination of speed and range allows the Cabo 35 to reach distant fishing spots swiftly and remain there longer than any comparable vessel. Whether you're pursuing billfish, keeping pace with tuna, or accelerating towards new fishing territories, the Cabo 35 Express responds with remarkable agility to both helm and engine commands.

This exquisite yacht is a one-owner vessel now seeking its second steward. It has been gently used and meticulously maintained. A bottom job was completed in August 2023, along with a 1000-hour service for the engines and generator, new packing glands, a replaced A/C strainer basket, and new heat exchangers.

Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies luxury and performance!
