OVERVIEW

The 53-meter Panorama super-yacht showcases a cutting-edge hybrid e-MOTION propulsion system, featuring two DIESEL MAN engines, four variable speed generators, two permanent magnet electric motors, and an ample array of lithium polymer batteries.

This sophisticated system offers multiple operational modes:

The primary Diesel engines and electrical alternators facilitate energy distribution to all onboard amenities when the generators are offline, while simultaneously recharging the batteries during navigation.

The variable speed generators intelligently adjust their output based on the vessel's load demands, ensuring minimal energy consumption.

With the lithium polymer batteries, the yacht can operate all its services and comfort features for approximately eight hours, producing zero emissions, eliminating noise pollution, and ensuring a completely vibration-free experience. This capability also allows the yacht to enter ports in "electric mode," enabling mooring maneuvers without the need for main engines or generators.

Additionally, the "peak shaving" feature of the batteries helps the yacht manage energy loads efficiently, preventing the need to engage or disengage the second generator during brief high-demand periods, thus avoiding the common issue of power interruptions.

This luxurious vessel is currently available for sale, making it an exceptional opportunity for those looking to buy a yacht in the current boat location. Explore yacht sales in the area and discover the elegance and innovation that the Panorama super-yacht has to offer.

SPECIFICATIONS

Basic Information

Category:
Motor yachts

Sub category:
Motor Yacht

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

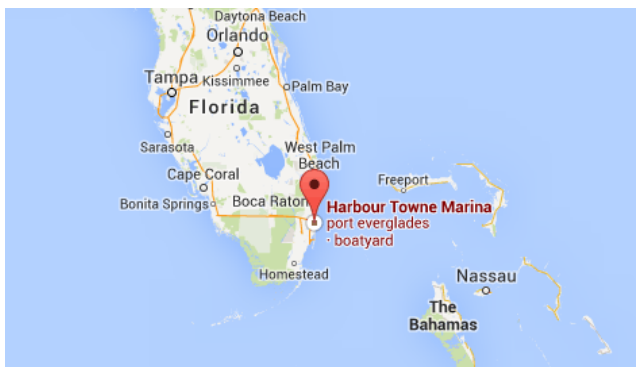

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
