ХАРАКТЕРИСТИКИ

Обзор

****Discover the epitome of luxury with this stunning Pursuit S 328 Sport, a yacht for sale that boasts low engine hours and an impressive array of features. This vessel is in pristine condition and is mechanically ready for immediate enjoyment. Previously docked in Lake Michigan until late 2021, it has since been stored indoors in Florida, ensuring its excellent upkeep.****

****The Pursuit S 328 Sport strikes the perfect balance in size and design. It's compact enough for solo navigation yet spacious enough to host intimate gatherings. Whether you're fishing, engaging in water sports, cruising, or simply unwinding at the dock, this yacht excels in every aspect. Its thoughtfully designed cabin surpasses that of similar models, while the highly adaptable cockpit enhances its versatility, making it a standout in the center console category. Crafted to withstand the challenging conditions of the Great Lakes, Pursuit is renowned for its robust construction, smooth ride, and exquisite finish.****

****Highlighted below are key options, equipment, and enhancements (click "Other Details" for a comprehensive list):****

- New engine and house batteries (2024)
- Forward Mediterranean-style sunshade
- Complete canvas package:
 - Engine covers
 - Helm cover
 - Helm seat covers
 - Bow cover
- Polycarbonate spray wings with isinglass extensions
- Twin Yamaha® Digital F300 V6 Offshore engines (Pearlescent White) with Integrated Digital Electric Steering (DES) and Helm Master® EX Digital Electronic Controls (DEC)
- Yamaha® Joystick Control for full maneuverability (Set Point and Autopilot)
- Lewmar 3HP bow thruster
- Underwater lights (3) with All Color SeaBlaze Quattro Spectrum
- Removable ski tow, transom mount
- Electric retractable cockpit sunshade

- Garmin Widescreen 12" Display Package
- Second Garmin Widescreen 12" Display
- Garmin 72 Mile XHD2 Radar Array
- Garmin Reactor Auto Pilot with Helm Master

The yacht features a sleek anchor chute that seamlessly integrates into the hull, securing a stainless-steel anchor. Both fresh and raw water washdown quick connects, along with a windlass remote, are conveniently housed within a bow hatch. The bow area is designed with wrap-around seating, maximizing deck space and comfort compared to most center consoles. Electrically actuated backrests on both sides allow passengers to sit facing forward, offering a unique seating arrangement. With deck-level LED lighting, removable cockpit tables, and JL speakers, the bow becomes an ideal space for entertaining.

Forward of the console, a double-wide bench seat with tall backrests invites guests to join in the fun. The console features a starboard side entrance to the cabin, with the helm positioned slightly off-center to port. Twin Garmin multi-function displays flank the helm, each equipped with networking capabilities for the chartplotter, XHD2 radar, sonar, and autopilot. A dedicated autopilot display is conveniently located between the two screens. The Yamaha Joystick is positioned to the starboard of the stainless-steel, adjustable steering wheel. Hardtop lighting can be adjusted to red, white, or blue, complementing the JL speakers that provide ample sound while underway. An overhead windshield vent allows for refreshing airflow when desired, while an enclosure protects the helm from inclement weather. Fold-down footrests under each helm seat enhance comfort and elevate the captain's position.

Docking is a breeze with the joystick, which allows for precise maneuvering. The factory-designed vessel profile enables effortless movement in any direction, as each engine operates with its own dedicated steering pump, facilitating independent shifting, throttling, and steering. For windy days, the joystick features a High Mode that increases sensitivity and engine RPM. The Set Point function maintains the boat's heading and position, making it invaluable when waiting for a bridge, fuel dock, or slip. This feature is particularly useful for single-handed operations, allowing the captain to set lines and fenders without returning to the helm. Additionally, the boat is equipped with a Lewmar bow thruster, a rare combination in center consoles, offering flexibility for both traditional and modern docking preferences.

The captain's seat is complemented by a double-wide companion seat, both featuring flip-up bolsters and armrests. A pull-out refrigerator, sink, and ample drained wet storage areas create an ideal wet bar setup. The full-beam cockpit is shaded by an electric sunshade that retracts neatly into the hardtop when not in use. The cockpit is designed for versatility; it can be fully opened for fishing or expanded with two fold-out bench lounges for additional seating. Cockpit tables can be easily installed for al fresco dining or cocktails.

****A side-dive door folds inward for convenient dockside boarding and swimmer access. A sturdy stainless-steel telescoping ladder slides securely into the cockpit sole, making it easy to board from the water, even with dive gear or water toys. At the transom, a livewell and five rod holders equip anglers for offshore adventures. The engines are painted white to match the Pursuit gelcoat, and a tall ski tow pylon keeps the tow line elevated and clear of the engines, easily removable for cleaner lines or fishing.****

****The cabin is a standout feature for a 32' center console, offering a vacuflush toilet, rich-grained cabinetry, a vessel-style glass sink, and a convertible sofa. This space provides a perfect retreat from the heat, with the sofa capable of sliding out to create a single-person berth. It also serves as convenient, lockable storage for rods or larger items.****

****Note: The yacht is currently located offsite; please schedule a showing in advance.****
