OVERVIEW

The 37-meter sloop S/Y "SWAGGER" embodies a dream meticulously crafted by Holland Jachtbouw in collaboration with esteemed British Naval Architect Bill Dixon. Every detail has been thoughtfully considered in this custom creation, ensuring that no element of the design is overlooked, allowing her to excel in performance for even the most discerning owners and crew.

Her exceptional sailing capabilities are the result of extensive design efforts and rigorous tank testing, validating the concept. Above the waterline, a meticulously designed rig and sail inventory enhance her performance. The hull has been expertly optimized, ensuring that the keel and ballast bulb deliver maximum lift, stability, and efficiency, perfectly aligning with the design objectives.

For the interior, the renowned superyacht designer John Munford was chosen after a thorough consultation process. S/Y "SWAGGER" fulfills the owner's vision of a contemporary yet inviting space, artfully blending exquisite pear and wenge woods with luxurious fabric and leather accents. The yacht showcases outstanding craftsmanship and finishes throughout, a vital requirement for a vessel poised to navigate the world's oceans in unparalleled comfort and elegance.

Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that redefines luxury and performance.
