OVERVIEW

The 3 Mast Schooner from AEGEAN YACHT is an imposing sail vessel and competent motorsailer constructed on a heavy duty steel yacht foundation—offered through Shestakov Yacht Sales with broker Andrey Shestakov handling inquiries.

Selecting a 3 Mast Schooner

If your brief calls for a sizable ocean capable schooner that pairs classic sail capability with dependable mechanical power, the 3 Mast Schooner merits close consideration. Measuring 204 ft (62.21 m) overall with a 32 ft (10 m) beam, steel decks, and a volume of 447 GT, it provides ample living space for extended voyages. Twin Caterpillar diesel engines afford reliable range and handling, supporting a 9 knot cruising pace (10.36 mph) and a 12 knot top speed (13.81 mph). Interior design by Yavuz Mete creates welcoming guest accommodations for 12, while operational needs are covered by 6 crew cabins and 10 crew berths. With large tanks—fuel 6,786.84 gal and water 4,326.61 gal—the yacht is equipped for long-distance passages as an elegant motorsailer.

Features of the Model

- Identity: a blue water sail yacht and adaptable motorsailer
- Construction: steel yacht hull with steel decks
- Dimensions: LOA 204 ft (62.21 m); Beam 32 ft (10 m); Draft 11.811 ft (3.6 m)
- Tonnage: 447 GT
- Power: 2 x Caterpillar, Diesel
- Performance: Cruise 9 kn (10.36 mph); Max 12 kn (13.81 mph)
- Interior: Yavuz Mete

- Accommodation: 12 berths for guests; Heads: 1
- Crew: 6 crew cabins; 10 crew beds
- Tankage: Fuel 6,786.84 gal; Fresh water 4,326.61 gal

To obtain up to date pricing, confirm availability, or begin the purchase process for the 3 Mast Schooner by AEGEAN YACHT, please contact Andrey Shestakov at Shestakov Yacht Sales. Our specialists will assist you with a detailed review of specifications, arranging inspections, and navigating the complete transaction tailored to your needs.

Questions and Answers

- What kind of vessel is the 3 Mast Schooner? The yacht is a **sail yacht** and flexible **motorsailer** constructed on a **steel yacht** hull, built by **AEGEAN YACHT** .
- What are the underway performance characteristics of the 3 Mast Schooner? Powered by **2 x Caterpillar Diesel** engines, anticipate a **9 knot cruising speed (10.36 mph)** and a **12 knot maximum (13.81 mph)** with the sails offering additional flexibility for varied passage profiles.
- What is the guest and crew capacity? The vessel provides **accommodation for 12** , includes **1 head** , and supports professional operations with **6 crew cabins** and **10 crew berths** .
- What are the principal dimensions and internal volume? Principal measurements are **LOA 204 ft (62.21 m)** , **Beam 32 ft (10 m)** , **Draft 11.811 ft (3.6 m)** , and a **Gross Tonnage of 447 GT** .
- How can I buy through Shestakov Yacht Sales? Contact **Andrey Shestakov** at **Shestakov Yacht Sales** to discuss **pricing** , **inspections** , and the steps required to acquire the 3 Mast Schooner by AEGEAN YACHT.

Owner Experience Review

Owners and operators who select the 3 Mast Schooner from AEGEAN YACHT commonly deploy it for private long range cruising, luxury charters, and excursion services. Coverage in listings and the press typically emphasize its motor sailer nature: expansive sail plans supported by robust engine installations, designed for comfortable, leisurely passages rather than keen upwind performance. In real examples, reported sail area is about 720 m² matched with twin 850 hp engines, and practical service speeds under power are often cited in the 11–12 knot range.

Aboard, owners note a variety of guest stateroom configurations and

frequently a full beam owner suite, with commentary from press and operators praising the generous guest spaces. On larger refitted examples, owners have added beach club style waterside lounges and submersible swim platforms—enhancements that cater well to charter markets and family-oriented use. The steel hull affords durability but brings a maintenance requirement: some vessels have accumulated very high engine hours and have undergone extensive restorations, including a hull up rebuild completed in 2025, which highlights the necessity of budgeting for corrosion control, regular paint cycles, and scheduled overhauls.

Pros and Cons

- Spacious guest accommodations and multiple stateroom configurations make it well suited to private cruising and commercial chartering.
- Motor sailer configuration provides comfortable long distance passages with reported 11–12 knot service speeds under power.
- A flexible platform with demonstrated use in private ownership, luxury charters, and excursion operations.
- Not optimized for high performance close hauled sailing; design priorities favor comfort and ease over pointing ability.
- Steel hull construction demands ongoing paint and corrosion control maintenance.
- Some examples exhibit very high engine hours, so prospective buyers should allow for engine overhauls and refit expenses.
