## OVERVIEW

---

Presented by Shestakov Yacht Sales, the A96 from Arcadia Yachts is a motor yacht listed within the motor yachts category, constructed on a fiberglass and plastic monohull platform and finished inside by Hot Lab. For up-to-date availability and bespoke advice that suits your cruising plans, reach out to Andrey Shestakov.

### Selecting a A96

---

Opt for the A96 when you want a 98 ft (30 m) Arcadia Yachts platform that combines a substantial beam for comfort with assured sea-keeping. With a 20 kn cruising pace and a 25 kn top end, diesel propulsion, and large fuel and water stores, this motor yacht is geared toward long coastal passages and flexible Mediterranean or island-cruising itineraries. Contact Shestakov Yacht Sales and Andrey Shestakov to match the yacht's construction pedigree and performance statistics to your intended usage.

### Features of the Model

---

- Dimensions that matter: LOA 98 ft (30 m); beam 24 ft (7.32 m)
- Draft flexibility: approx. 5.906 ft (1.8 m) minimum to 6.562 ft (2 m) maximum
- Performance envelope: cruise 20 kn (23.02 mph); max 25 kn (28.77 mph)
- Powertrain: 2 engines; fuel type Diesel
- Hull and deck: fiberglass and plastic build; monohull layout; fiberglass deck
- Design pedigree: hull designer Arcadia Yachts; interior design by Hot Lab
- Capacities: fuel 3,170.06 gal; fresh water 528.34 gal
- Volume: 214 gross tons

## Technical Specifications

---

- LOA: 98 ft (30 m)
- Beam: 24 ft (7.32 m)
- Draft: min 5.906 ft (1.8 m); max 6.562 ft (2 m)
- Cruising speed: 20 kn (23.02 mph)
- Maximum speed: 25 kn (28.77 mph)
- Gross tonnage: 214 GT
- Engines: 2; fuel type Diesel
- Hull configuration: Monohull
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Hull designer: Arcadia Yachts
- Interior designer: Hot Lab
- Fuel capacity: 3,170.06 gal
- Water capacity: 528.34 gal

## Pricing and Ordering

---

To obtain current pricing, lead times, and the range of configurations offered for the A96 by Arcadia Yachts, contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage specialists will arrange inspections, review specification options, and assist through negotiations and closing so you can proceed with confidence.

## Questions and Answers

---

Q: What is the **LOA** of the A96? A: The **LOA** measures 98 ft (30 m).

Q: What are the **cruising** and **maximum speed** figures? A: **Cruising speed** is

20 kn (23.02 mph) and **maximum speed** is 25 kn (28.77 mph).

Q: What is the **hull type** and **material** ? A: The **hull type** is Monohull, and the **hull material** is listed as fiberglass and plastic.

Q: How many **engines** does it have and what **fuel** do they use? A: It is specified with 2 **engines** operating on **Diesel** .

Q: Who is the **builder** and who handled the **interior design** ? A: The **builder** and hull designer is Arcadia Yachts, while the **interior designer** is Hot Lab. For further information, contact Andrey Shestakov at Shestakov Yacht Sales.

## Owner Experience Review

---

Unveiled at Cannes in 2023 and entering service in 2024, the A96 from Arcadia Yachts has attracted owners seeking family-oriented cruising and lively weekend entertaining. Owners praise the full-beam owner's suite on the main deck—complete with a walk-in wardrobe and a dedicated study—and an open-plan main deck whose vast glazing and sliding doors visually and physically blur the line between interior spaces and the sea. The layout supports a professional crew operation with separate crew quarters and access, making the yacht suitable for private ownership or discreet boutique charter service.

Underway, users report nimble handling delivered by four Volvo Penta IPS units, often specified with Volvo Assisted Docking. With IPS1350 installations, independent reviews place the top end in the 23–24 kt range and an easy cruising band of 15–18 kt; reported ranges depend on drive choice and speed, with figures quoted from roughly 450 nm at 15 kn (IPS1200) to about 600 nm at 16 kn, and up toward some 2,000 nm at an economical 10 kn. Observers also highlight a low onboard acoustic profile and comfortable motion underway; the optional CMC Waveless stabiliser system is noted to further

suppress roll at anchor and while underway.

Comfort and social spaces rate highly: a sizeable beach club with an extended platform, drop-down bulwarks and sea terraces enhance on-water entertaining, while interior appointments by Igor Lobanov introduce Art Deco touches—several early owners admired the Art Deco-inspired geometry and dark lacquer finishes, requiring only modest bespoke tweaks. Press notes indicate an optional battery/solar “silent mode” can sustain an approximate 8–9 hours of hotel load quietly at anchor. Maintenance commentary to date praises a tidy, well-organised engine room and routine inspection access, while flagging regular IPS lifecycle servicing and extra checks associated with hybrid or electrical installations; as of May 24, 2026, extensive long-term owner failure data for the A96 remain limited given the model’s recent introduction.

## Pros and Cons

---

- Open-plan main deck with large glazing and sliding doors creates near-seamless indoor-outdoor living for socialising.
- Full-beam main-deck owner’s suite with walk-in wardrobe and study suits family cruising.
- Four Volvo Penta IPS with reported Assisted Docking deliver highly manoeuvrable handling.
- Four IPS drives entail recurring IPS lifecycle servicing and electronic/drive maintenance.
- Optional battery/solar silent-mode systems add complexity and require periodic checks.
- Real-world range is configuration-dependent and varies widely across sources.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
Sherpa 80XL	85' 0" (25.91 m)	23' 0" (7.10 m)	14' 9" (4.50 m) – 15' 9" (4.80 m)	16.5 kn / 18.5 kn	95
Sherpa 60	61' 0" (18.67 m)	18' 0" (5.49 m)	14' 3" (4.33 m)	18 kn / 21 kn	
A85	85' 0" (25.91 m)	23' 0" (7.14 m)	5' 5" (1.66 m)	10 kn / 16 kn	109
