OVERVIEW

Presented by Shestakov Yacht Sales, the AV28 OB from AVIARA is a flexible motor yacht in the runabout class, built atop a durable fiberglass hull. Broker Andrey Shestakov and the team at Shestakov Yacht Sales stand ready to help you with selection, purchase, and delivery logistics.

Selecting a AV28 OB

Opting for the AV28 OB is a strong choice if you need a nimble dayboat that pairs simple operation with the dependability of twin outboards. This compact motor yacht in the runabout category is sized for easier trailering and marina handling, while its fiberglass construction emphasizes resilience and low-maintenance care.

Features of the Model

• Twin MERCURY outboards for assured control and straightforward maintenance access
• Unleaded fuel compatibility to simplify refueling logistics
• fiberglass hull paired with a Fiberglass deck for structural durability
• Compact footprint (28 ft LOA, 8 ft beam) that facilitates varied docking and storage options
• Practical onboard capacities suited for day trips (fuel 80 gal, water 15 gal)

Technical Specifications

• Builder: AVIARA
• Model: AV28 OB

- Classification: motor yacht / runabout
- Hull material: fiberglass
- Deck material: Fiberglass
- LOA: 28 ft (8.53 m)
- Beam: 8 ft (2.62 m)
- Draft (max): 12.467 ft (3.8 m)
- Engines: 2 x MERCURY, Outboard, Unleaded
- Fuel capacity: 80 gal
- Water capacity: 15 gal
- Hull configuration: Other

Pricing and Ordering

For up-to-date pricing, availability, and brokerage assistance on the AV28 OB by AVIARA, contact Andrey Shestakov at Shestakov Yacht Sales. We will walk you through options, timelines, and the steps necessary to secure the boat that fits your requirements. All specifications and offers are subject to change without notice.

Questions and Answers

Q: What type of yacht is the AV28 OB? A: It is a motor yacht in the runabout category with a fiberglass hull.

Q: What power does it use? A: The model is fitted with **two MERCURY outboards** designed to run on **unleaded** fuel for familiar and efficient operation.

Q: What are the key dimensions? A: **LOA 28 ft (8.53 m)** , **beam 8 ft (2.62 m)** , and **max draft 12.467 ft (3.8 m)** for confident planning and handling.

Q: What are the onboard capacities? A: **Fuel capacity 80 gal** and **fresh water**

capacity 15 gal , sized for practical day cruising.

Q: How do I buy through brokerage? A: Reach out to **Andrey Shestakov** at **Shestakov Yacht Sales** for advice, pricing, and transaction support on the AV28 OB by AVIARA.

Owner Experience Review

Owners and reviewers describe the AV28 OB from AVIARA largely as an upscale dayboat tailored to family outings and entertaining. The cockpit layout and a well-thought-out helm make extended days aboard comfortable. Fit-and-finish details are frequently cited as luxury-grade, including premium audio systems, an Italian-crafted wheel, high-end upholstery, and a comprehensive suite of standard electronics. The vessel includes a small cabin and head outfitted with a porcelain electric toilet and an approximately 19-gallon holding tank—suitable for short overnight or weekend use but noticeably smaller than accommodations on larger cruisers.

On the water, the hull's roughly 20–21 degrees of deadrise enables confident passage through chop, and many reports note handling that feels comparable to a sports car. Outboard sea trials call out the performance of twin Mercury 250s and describe predictable, smooth behavior. From a maintenance perspective, the outboard setup eases engine access; an optional engine-flush kit exists for twin outboards. Practical performance depends on appropriate prop choice and tuning, and long-term ownership trends remain limited because the model was introduced in 2023/2024 with the earliest hulls appearing around 2024–2025. For buyers focused on watersports and towing, the family includes a surf/forward-drive variant, and some owners choose sterndrive configurations when towing capability is a higher priority.

Pros and Cons

• Confident handling in chop thanks to the approximately 20–21° deadrise and a well-balanced hull form.
• Luxury-level finishes, premium audio, and an ergonomically designed helm enhance comfort during day cruises.
• Twin outboards provide smooth, sporty handling and easier service access, with an available flush kit.
• The compact cabin and head (with an ~19-gallon holding tank) are adequate for short stays but are considerably smaller than accommodations on larger cruisers.
• Real-world performance is sensitive to correct prop selection and careful tuning.
• Long-term reliability and ownership data are limited because the model is new to the market, with earliest deliveries around 2024–2025.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
AV28 OB	28' 0" (8.53 m)	8' 0" (2.62 m)	12' 6" (3.80 m)		
AV36 OB	36' 0" (10.97 m)	10' 0" (3.30 m)	8' 6" (2.58 m) – 11' 6" (3.50 m)		
AV32 OB	32' 0" (9.75 m)	10' 0" (3.15 m)	6' 3" (1.92 m) – 9' 4" (2.83 m)		6
AV40 OB	40' 0" (12.19 m)	40' 0" (12.30 m)	6' 11" (2.10 m) – 10' 2" (3.10 m)		11.9
AV32	32' 0" (9.75 m)	10' 0" (3.33 m)
