OVERVIEW

The AV28 Outboard from AVIARA is a capable and stylish motor yacht designed as an upscale sport runabout. Equipped with twin MERCURY outboard engines and constructed on a robust fiberglass-and-plastic hull, it is marketed by Andrey Shestakov and Shestakov Yacht Sales as an ideal platform for elegant day cruising and waterfront entertaining.

Selecting a AV28 Outboard

Deciding on the right dayboat involves evaluating cockpit layout, propulsion choices, and overall construction quality. The AV28 Outboard by AVIARA pairs twin MERCURY outboards with a refined interior and practical exterior proportions—30 ft LOA and an 8 ft beam. Engage with Andrey Shestakov and the Shestakov Yacht Sales team to check current stock, optional equipment, and delivery windows so you can secure the right motor yacht in the sport runabout category.

Features of the Model

• Twin MERCURY outboard engines provide responsive handling and straightforward access for routine maintenance
• One enclosed head to increase comfort and convenience on day trips
• Durable, low maintenance fiberglass and plastic hull paired with a fiberglass deck for longevity
• Capacities sized for day boating: fuel and freshwater tanks configured for typical outings
• Manufactured by AVIARA with a focus on finish quality and everyday usability

Technical Specifications

- Length overall (LOA): 30 ft (9.14 m)
- Beam: 8 ft (2.62 m)
- Max draft: 10.499 ft (3.2 m)
- Engines: 2 x MERCURY, Outboard
- Fuel type: Unleaded
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Hull configuration: Other
- Heads: 1
- Fresh water capacity: 15 gal
- Fuel capacity: 116 gal

Pricing and Ordering

To obtain up-to-date pricing, confirm specifications, or verify availability of the AV28 Outboard by AVIARA, contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage can organize private viewings, surveys, assistance with outfitting choices, and coordinate delivery timing to meet your schedule.

Questions and Answers

Q: What kind of yacht is the AV28 Outboard? A: It is a **motor yacht** configured as an upscale **sport runabout** , sitting on a sturdy **fiberglass-and-plastic hull** and built by AVIARA.

Q: What engines and fuel does it use? A: The boat is fitted with **two MERCURY outboard** engines and runs on **unleaded** fuel, providing dependable performance and a broad service network.

Q: What are the key dimensions? A: The vessel measures **30 ft (9.14 m) LOA** , with an **8 ft (2.62 m) beam** , and a **max draft of 10.499 ft (3.2 m)** .

Q: What onboard amenities are included? A: Standard accommodations include **1 head** , a **fiberglass** deck, and a hull constructed of **fiberglass and plastic** materials designed for durability.

Q: How do I get pricing or place an order? A: For **pricing** and **ordering** , contact Andrey Shestakov and the Shestakov Yacht Sales team to review the AV28 Outboard by AVIARA, arrange viewings, and confirm delivery schedules.

Owner Experience Review

Owners commonly choose the AV28 Outboard from AVIARA for family-oriented day cruises, social stops at sandbars, and towable weekend escapes. In its outboard trim, the design suits weekend leisure and nearshore cruising; dealer stock frequently lists twin Mercury 250 JPO installations. On the water, reviewers note the roughly 21° deadrise hull slices through chop comfortably and imparts a secure feel, while twin 250s deliver brisk acceleration and steady cruising capability in outboard configurations.

Comfort for day use is a strong point. Sea trials emphasize a head that's roomier than typical for this size class—complete with an electric toilet and storage cabinets—ample under-seat and center-deck storage, and convenient helm features like phone niches and inductive charging. Build quality earns consistent compliments, from an Italian leather steering wheel to tailored upholstery and carefully finished sundeck coverings.

Because the model is recent (2023/2024), long-term durability trends are still emerging; owners will rely heavily on established Mercury (and Ilmor for non outboard variants) dealer networks. Outboard versions follow the simpler maintenance rhythm typical of OB systems, while I/O and forward drive

configurations require more specialized servicing; testers specifically praised the smooth Ilmor joystick controls seen on sterndrive versions. Buyers interested in wakesurf capability should consider the AV28S with SurfStar and roughly 1,800 lb of ballast, which brings the additional pump and plumbing upkeep associated with surf systems.

Pros and Cons

• The approximately 21° deadrise hull offers a comfortable ride through chop and a secure feel underway.
• Twin Mercury 250 outboards provide strong off-the-line acceleration and reliable cruising performance.
• Upscale amenities include a larger-than-expected head, plentiful storage, and modern helm conveniences such as phone slots and inductive charging.
• As a recently launched model, long-term owner reliability data is limited, so strong dealer support is important.
• For serious wakesurfing, the AV28S with SurfStar and ballast is preferable to a standard outboard configuration.
• Docking and maintenance experiences differ by drivetrain; I/O and forward-drive systems typically require more specialized service attention.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
AV28 Outboard	30' 0" (9.14 m)	8' 0" (2.62 m)	10' 6" (3.20 m)		
AV36 OB	36' 0" (10.97 m)	10' 0" (3.30 m)	8' 6" (2.58 m) – 11' 6" (3.50 m)		
AV32 OB	32' 0" (9.75 m)	10' 0" (3.15 m)	6' 3" (1.92 m) – 9' 4" (2.83 m)		6
AV40 OB	40' 0" (12.19 m)	40' 0" (12.30 m)	6' 11" (2.10 m) – 10' 2" (3.10 m)		11.9

AV32	32' 0" (9.75 m)	10' 0" (3.33 m)			
AV40	40' 0" (12.19 m)	12' 0" (3.73 m)	9' 4" (2.83 m) – 12' 0" (3.67 m)		
AV36	38' 0" (11.74 m)	10' 0" (3.30 m)	8' 6" (2.58 m) – 11' 6" (3.50 m)	34 kn / 55 kn	14550
AV40 Outboard	40' 0" (12.19 m)				
AV36 Outboard	36' 0" (11.22 m)	10' 0" (3.30 m)	8' 6" (2.58 m) – 11' 6" (3.50 m)		
AV 36-OB	36' 0" (10.97 m)
