OVERVIEW

Represented by Shestakov Yacht Sales with broker Andrey Shestakov, the Atlantis 45 from Azimut Yachts is a contemporary motor yacht in the motor yachts category, constructed on a fiberglass and plastic foundation. Built on a Deep Vee hull and driven by twin Volvo Penta inboard diesels, it delivers a blend of sporty performance and comfortable cruising capability with top speeds reaching 33 knots.

Selecting a Atlantis 45

Opting for the Atlantis 45 is a logical choice if you seek a modern, quick motor yacht that benefits from the sea-keeping of a Deep Vee hull and the resilience of a fiberglass and plastic build. Measuring 47 ft LOA with a 13 ft beam, it occupies a popular size range among motor yachts owners who favor weekenders and coastal cruisers. Combine that footprint with an Azimut Yachts interior, two heads, and practical GRP decks, and the package becomes a versatile, attractive option.

Features of the Model

- Performance envelope: 28 kn cruise and 33 kn max for brisk passages and efficient trip planning.
- Propulsion: 2 x Volvo Penta, Inboard, Diesel — proven reliability and service network support.
- Construction: fiberglass and plastic hull, GRP deck, and Deep Vee configuration for a soft, confident ride.
- Design pedigree: Interior by Azimut Yachts with thoughtful ergonomics and contemporary finishes.
- Cruising practicality: Two heads, balanced tankage, and dimensions that fit a

wide range of slips and destinations.

Technical Specifications

- Length overall (LOA): 47 ft (14.55 m)
- Beam: 13 ft (4.14 m)
- Draft (min/max): 11.483 ft (3.5 m)
- Cruise speed: 28 kn (32.22 mph)
- Maximum speed: 33 kn (37.98 mph)
- Engines: 2 x Volvo Penta
- Engine type: Inboard
- Fuel type: Diesel
- Hull material: fiberglass and plastic
- Deck material: GRP
- Hull configuration: Deep Vee
- Interior designer: Azimut Yachts
- Heads: 2
- Fresh water capacity: 92.46 gal
- Fuel capacity: 264.17 gal
- Classification: motor yachts / motor yacht

Pricing and Ordering

Our brokerage team will assist you through model selection, offer preparation, and the closing process to ensure a smooth acquisition of your motor yacht within the motor yachts market.

Questions and Answers

- What type of yacht is the Atlantis 45? The model is a motor yacht listed in the motor yachts segment and built on a fiberglass and plastic platform.
- How fast does it go? The Atlantis 45 achieves a **cruise speed** of 28 kn (32.22 mph) and a **maximum speed** of 33 kn (37.98 mph).
- What powers the yacht? It is equipped with **2 x Volvo Penta** engines in an **Inboard** configuration running on **Diesel**, providing dependable propulsion and accessible service support.
- What are the key dimensions and draft? The yacht's **LOA** is 47 ft (14.55 m), **beam** is 13 ft (4.14 m), and **draft** is 11.483 ft (3.5 m), paired with a Deep Vee hull form for composed seakeeping.
- How do I purchase through Shestakov Yacht Sales? Contact **Andrey Shestakov** at **Shestakov Yacht Sales** to review listings, schedule inspections, and submit offers on the Atlantis 45 from Azimut Yachts.

Owner Experience Review

Owners and reviewers commonly describe the Atlantis 45 by Azimut Yachts as a capable weekending sportcruiser well suited to family outings and Mediterranean-style day runs. The expansive outdoor areas — including large fore and aft sunpads, a cockpit dining space, and a wet bar — make it highly effective as a day-boat for entertaining guests.

On the water, handling is frequently praised for its precision across the rev range; the IPS joystick and a bow thruster simplify close-quarters maneuvering and docking. Road-tests often note an efficient cruise near 28 knots and a top-end in the mid-30s with Volvo Penta IPS propulsion, and many appreciate the more sheltered main deck in rough, wet conditions.

Down below, the two-cabin arrangement favors generous living space over a

third cabin, yielding a commodious master stateroom, respectable mid-cabin headroom, and a saloon that earns compliments for ergonomics and storage. The galley is reported to include quality appliances. Owner feedback is mixed on some service and build points: the overall construction quality is generally good and maintenance items like fuel filters and the fire suppression access are well positioned in the engine bay, but a number of owners note inconsistent electrical and plumbing fit-outs, occasional post-delivery issues, and U.S. warranty/service friction. Sourcing parts from Europe can add lead time and complicate repairs.

Pros and Cons

- Spacious two-cabin layout with good mid-cabin headroom, a roomy master, and well-judged saloon ergonomics and storage.
- Large exterior lounging and entertaining areas with fore/aft sunpads, cockpit dining, and a wet bar.
- Precise handling and confident IPS performance, with joystick and bow thruster aiding close-quarters work and a reported ~28 kn cruise.
- Reports of inconsistent electrical and plumbing installations and occasional minor construction defects after delivery.
- U.S. owners note warranty and dealer-service friction that can complicate early ownership.
- Parts and shipping lead times from Europe can delay repairs and require extra coordination and budgeting.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
