OVERVIEW

The CABRIO 24UE from BARLETTA is offered as a motor yacht in a pontoon configuration with a fiberglass and plastic hull. Listed through Andrey Shestakov at Shestakov Yacht Sales, the model is equipped with a single MERCURY outboard and compact dimensions that make it straightforward to operate and enjoy on the water.

Selecting a CABRIO 24UE

Opting for the CABRIO 24UE means selecting a flexible motor yacht built on a pontoon platform with a resilient fiberglass and plastic hull. Andrey Shestakov and the Shestakov Yacht Sales team can assist with checking inventory, discussing optional equipment, and arranging inspections so the boat matches your planned use.

Pricing and Ordering

To obtain up to date pricing, check current availability, or book a showing for the CABRIO 24UE by BARLETTA, please contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage will manage the process from technical clarification through purchase documentation and delivery arrangements.

Questions and Answers

Q: What type of yacht is the CABRIO 24UE? A: It's a motor yacht styled as a pontoon craft with a fiberglass and plastic hull—well suited for uncomplicated day boating.

Q: Who builds the CABRIO 24UE? A: This model is manufactured by BARLETTA, the listed builder for the series.

Q: What is the engine setup on this model? A: A single MERCURY **outboard** powers the boat and uses **unleaded** fuel, providing straightforward operation and servicing.

Q: What are the key dimensions? A: The craft measures **LOA** 25 ft (7.62 m) with a **beam** of 8 ft (2.59 m), giving balanced proportions suited to a variety of

waterways.

Q: What is the fuel capacity? A: The vessel carries **35 gallons** of fuel, adequate for typical day excursions without frequent refueling stops.

Owner Experience Review

Owners commonly deploy the CABRIO 24UE as a go to family day boat and social hub—perfect for sandbar gatherings, celebratory outings, and rental service. The Ultra Entertainer layout receives regular compliments: a high top table paired with swivel stools, a convertible bench, the stern Ultra Lounge, and bow chaise seating create a welcoming space for entertaining. Quality of fit and finish, comfortable seating, generous swim platforms, USB charging points, pet friendly design choices, and seating for roughly a dozen passengers are routinely noted and match expectations for BARLETTA owners.

On the water, feedback emphasizes a rigid, quiet structure that resists flex and rattles in choppy conditions. Mercury's performance evaluation of a Cabrio 24 UE equipped with 250 hp recorded a top speed of 41.6 mph and a 0–20 mph time of 3.69 seconds, achieved in lumpy water; anecdotal reports from tri toon operators cite speeds up to "45 on the lake," underscoring the platform's capability for spirited cruising and light tow sports. Routine maintenance is straightforward—BARLETTA recommends regular motor pod cleaning and adherence to Mercury's service intervals. Buyers should be aware that many desirable accessories are dealer fit options, and pre owned boats with 200+ hours sometimes appear at auction sold "as is," so confirming service history is wise.

Pros and Cons

• Ultra Entertainer layout with stools, convertible seating, and bow/stern

lounges is excellent for family days and hosting.

• Solid, quiet ride in chop with owner feedback describing robust construction and confident handling.

• Strong performance for light watersports, with a Mercury tested 41.6 mph top speed and quick 0–20 mph.

• Some popular accessories are dealer installed add ons rather than factory standard.

• Requires periodic motor pod cleaning and adherence to Mercury's routine outboard service schedule.

• Pre owned units with 200+ hours appear at auction "as is," so service history due diligence is essential.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
CABRIO 24UE	25' 0" (7.62 m)	8' 0" (2.59 m)
