OVERVIEW

Meet the CABRIO24UC from BARLETTA—a multi-use motor yacht presented in a modern pontoon configuration with a rugged aluminum hull. Listed through Shestakov Yacht Sales with broker Andrey Shestakov, this model combines uncomplicated performance, owner-friendly upkeep, and sturdy construction for relaxed days afloat.

Selecting a CABRIO24UC

Opt for the CABRIO24UC if you want the airy comfort of a pontoon platform paired with the ease of a single outboard and the longevity of an aluminum build. It suits buyers who value a manageable footprint, predictable handling characteristics, and low-maintenance materials within the broader motor yacht segment.

Features of the Model

• Pontoon-style deck layout that prioritizes open, sociable deck space consistent with the motor yacht class.
• Durable, corrosion-resistant aluminum construction including an aluminum deck for long-term resilience.
• Single MERCURY outboard arrangement to keep operation, servicing, and seasonal winterization straightforward.
• Fuel system calibrated for routine day cruising with a 50-gallon capacity.
• Simplified layout and systems designed to appeal to first-time boat owners while still satisfying seasoned boaters.

Technical Specifications

• Classification: motor yacht; pontoon layout; aluminum hull class
• LOA: 25 ft (7.62 m)
• Beam: 8 ft (2.59 m)
• Engine: 1 × MERCURY, Outboard, Unleaded
• Fuel capacity: 50 gal
• Hull material: aluminum hull
• Deck material: Aluminum
• Hull configuration: Other

Pricing and Ordering

To obtain pricing, check current availability, or receive brokerage advice for the CABRIO24UC by BARLETTA, please contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage team can coordinate inspections, prepare necessary documentation, and manage delivery logistics to suit your timetable.

Questions and Answers

Q: What type of boat is the CABRIO24UC by BARLETTA? A: It’s a motor yacht outfitted with a pontoon-style deck and built on a tough aluminum hull, well suited for relaxed cruising and entertaining aboard.

Q: What are the key dimensions? A: The **LOA** measures 25 ft (7.62 m) while the **beam** is 8 ft (2.59 m), proportions that work well for trailering and typical marina slips.

Q: What is the power and fuel setup? A: Power comes from 1 × MERCURY **engine** in an **outboard** configuration and it runs on **unleaded** fuel, making servicing and refueling straightforward.

Q: What is the fuel capacity? A: The **fuel capacity** is 50 gallons, a size aimed at comfortable day trips and flexible use patterns.

Q: What materials and hull configuration does it have? A: The **deck** is Aluminum, the **hull** belongs to the aluminum class, and the **hull configuration** is listed as Other, reflecting a utilitarian, no-frills build. For further specifics, contact Andrey Shestakov and the team at Shestakov Yacht Sales.

Owner Experience Review

Owners often select the CABRIO24UC from BARLETTA for relaxed day-cruising with family and friends, attracted to its roomy Ultra-Lounge arrangement and a convertible aft lounge that switches configurations to suit group sizes. Multiple seating zones and chaise lounge options make the deck feel more expansive than the dimensions suggest—one owner even likened it to “driving a living room!”

On the water, the 24' tritoon setup is commonly described as quiet and composed, handling wakes and light chop with reassuring stability. The boat’s heavier, solid construction contributes to passenger comfort though it can slightly reduce peak speed. Handling is straightforward and confidence-inspiring for cruising; for towing or more demanding watersports, owners and listings typically recommend engines in the 150–250 HP range, with the upper range preferred when regular towing is expected.

Fit-and-finish receives positive comments relative to its class, but several owners advise a thorough delivery inspection: typical punch-list items include mat snaps, trim alignment, loose or unplugged wiring, or fine-tuning a bimini—issues dealers generally address. Warranty eligibility requires owner registration within 30 days and assigns certain responsibilities (such as transporting the vessel to a dealer and keeping up routine maintenance), so

confirming paperwork and local dealer support before purchase is sensible.

Pros and Cons

• Versatile Ultra-Lounge plus a convertible rear lounge that maximize usable space for families and larger groups.
• The tritoon configuration delivers a smooth, quiet ride with commendable stability in wakes and light chop for a 24' pontoon.
• Confident, predictable handling and adequate power capability for watersports when fitted with 150–250 HP.
• The heavier, robust construction enhances onboard comfort but may limit top-end velocity.
• Owners occasionally report delivery punch-list items such as mat snaps, trim alignment, wiring issues, or bimini adjustments.
• Dealer and service responsiveness varies by region, which can lead to inconsistent after-sales support.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
