OVERVIEW

Explore the versatile HALCYON23UC by BARLETTA with Shestakov Yacht Sales, represented by broker Andrey Shestakov. This compact platform blends day-boating practicality with modern comfort in a motor yacht format and a robust aluminum construction hull.

Selecting a HALCYON23UC

Choosing the HALCYON23UC means prioritizing easy ownership, efficient performance, and low-maintenance durability. Its 23 ft length overall makes it highly trailerable and marina-friendly, while the алюминиевая платформа build offers resilience for varied waters. Consult Andrey Shestakov and Shestakov Yacht Sales to match your usage profile—day cruising, harbor hopping, or family outings—to the boat's compact footprint and single-outboard simplicity.

Features of the Model

• Purposeful layout for relaxed day cruising within a motor yacht class envelope
• Durable aluminum hull and deck for strength and long-term value
• Single outboard configuration for straightforward handling and maintenance
• Practical size for easy docking and trailering
• Built by BARLETTA, aligned with reliable outboard propulsion from MERCURY

Technical Specifications

• Length Overall (LOA): 23 ft (7.01 m)

- Engines: 1 x MERCURY
- Engine Type: Outboard
- Fuel: Unleaded
- Hull Material: Aluminum Yachts
- Deck Material: Aluminum
- Hull Configuration: Other
- Classification: motor yacht with aluminum construction

Pricing and Ordering

Work with Andrey Shestakov at Shestakov Yacht Sales for current pricing, availability, and delivery timelines on the HALCYON23UC by BARLETTA. Our team will assist with specification review, engine setup, and any equipment selections to align the boat with your intended use.

Questions and Answers

Q: What type of propulsion does the HALCYON23UC use? A: It features a single MERCURY **outboard** engine for efficient performance and easy service.

Q: What is the hull and deck made of? A: The boat utilizes an **aluminum** hull categorized under aluminum construction with an aluminum deck for durability.

Q: How long is the HALCYON23UC? A: The **LOA** is 23 ft (7.01 m), ideal for trailering and tight marina spaces.

Q: What fuel does the engine use? A: The MERCURY outboard runs on **unleaded** fuel for broad availability and convenience.

Q: Who can help me order and configure this model? A: Contact Andrey Shestakov at **Shestakov Yacht Sales** for ordering, configuration guidance, and

delivery support on the HALCYON23UC by BARLETTA.

Owner Experience Review

Early owner and community feedback on the HALCYON23UC from BARLETTA centers on relaxed lake use, family day cruising, and weekend entertaining. Dealers position the UC layout as a social, conversational setup with multiple seating zones, and brand testimonials on UC-floorplan models consistently praise the roomy feel and versatile seating. Several commenters singled out ease-of-use touches—especially the new ladders and easy-to-access swim entry—as everyday quality-of-life wins.

On-water impressions are positive, with Barletta UC owners stating their boats handle better than alternatives they considered, and community reactions to Halcyon imagery calling it the nicest pontoon they've seen in a while. Performance is reported to depend heavily on outboard selection; listings show multiple power options and community notes expect brisk results with higher horsepower. Specific, long-term reliability patterns aren't yet available for this recently launched model, but maintenance expectations track with premium pontoon norms through dealer networks.

Pros and Cons

• Social UC layout supports family cruising and entertaining with multiple seating zones.
• Owners highlight easy boarding thanks to the new, easy-to-access ladder design.
• Community and owner feedback suggests confident handling versus other brands.
• Limited long-term reliability data due to the model's recent launch.
• Performance varies significantly based on engine choice and setup.

• Premium-class maintenance and service expectations may increase ownership costs.
