OVERVIEW

Experience the LUSSO23QCSS from BARLETTA—a polished motor yacht featuring a comfort-oriented pontoon layout built on a rugged aluminum hull. Represented by Shestakov Yacht Sales with broker Andrey Shestakov, it delivers straightforward handling and dependable performance for leisurely day cruises.

Selecting a LUSSO23QCSS

If you're seeking a user-friendly vessel with single-engine simplicity and modest proportions, the LUSSO23QCSS is a strong contender. Measuring 25 ft (7.62 m) LOA with an 8 ft (2.59 m) beam, it stays easy to pilot and simple to berth, while the MERCURY outboard keeps mechanical upkeep familiar and uncomplicated. A 64-gallon fuel tank lets you linger on the water without frequent refueling.

Work with Shestakov Yacht Sales—broker Andrey Shestakov will coordinate timing, match your preferences to current stock or build options, and make the transition from selection to delivery as seamless as possible for the LUSSO23QCSS.

Features of the Model

- Propulsion: 1 x MERCURY outboard; **Unleaded** fuel for easy refueling options.
- Manageable dimensions: 25 ft LOA and 8 ft beam (7.62 m x 2.59 m).
- 64-gallon fuel capacity to maximize your time afloat.
- Construction highlights: aluminum hull with Aluminum deck material.
- Hull configuration listed as "Other," providing flexibility in layout and use.
- Open pontoon platform optimized for relaxed, social boating.

• Length Overall (LOA): 25 ft (7.62 m)
• Beam: 8 ft (2.59 m)
• Engine Count: 1
• Engine Manufacturer: MERCURY
• Engine Type: Outboard
• Engine Fuel Type: Unleaded
• Fuel Capacity: 64 gal
• Hull Material: aluminum
• Deck Material: Aluminum
• Hull Configuration: Other

Pricing and Ordering

To learn current availability, production lead times, and receive a customized price for the LUSSO23QCSS, contact Shestakov Yacht Sales. Broker Andrey Shestakov will set up inspections, review specification choices, and guide you through the most efficient acquisition process.

Questions and Answers

Q1: What type of yacht is the LUSSO23QCSS? A1: It is a motor yacht built on a pontoon layout with a resilient aluminum hull, purposefully designed for enjoyable, uncomplicated days on the water.

Q2: What propulsion does it use? A2: The model is powered by a single **engine**

—a MERCURY **outboard** —running on **Unleaded** fuel, paired with a **64-gallon** fuel capacity to lengthen outings between refueling.

Q3: How big is it? A3: The vessel's **length overall (LOA)** is 25 ft (7.62 m) and its **beam** is 8 ft (2.59 m), offering a compact footprint that's easy to handle and confident at the dock.

Q4: What are the construction details? A4: The hull features **aluminum construction** , the **deck** is Aluminum, and the **hull configuration** is recorded as Other.

Q5: How do I order through Shestakov Yacht Sales? A5: Reach out to **Shestakov Yacht Sales** and broker **Andrey Shestakov** for **ordering** guidance, the latest availability, and a purchase plan tailored to the LUSSO23QCSS.

Owner Experience Review

Owners of the LUSSO23QCSS from BARLETTA often describe it as a cozy, sociable pontoon well suited to family outings and weekend escapes. Many report spending full days anchored—using the open stern and generous swim platform as a focal point for swimming and lounging. The arrangement is frequently praised for comfortable seating and thoughtful storage, summed up by one owner as: "It's comfortable, handles great, and everything seems to be high quality."

On the water, owners commend its handling and overall manners. Remarks such as "handles waves great" and "feels like I'm driving a living room!" point to a smooth, stable character, especially at reduced speeds. Those using tritoon configurations note strong performance for tow-sports—one owner wrote, "nothing better than going 45 on the lake with the tritoon"; another L23 owner reported reaching about 42 mph with a 250 hp outboard, though results will vary with power choice and conditions.

Feedback on dealer support and routine maintenance trends positive. Owners mention an active factory support presence, including a "boat issue hotline" during peak boating holidays, and most service incidents are minor (for example, replacing a Bimini bolt). Reported negatives are limited to occasional fit-and-finish or option-related gripes—such as a basic factory radio and constrained audio upgrade options—and one instance of engine vibration in the 2,000–3,200 RPM band that settled above ~3,500 RPM and was addressed through dealer assistance.

Pros and Cons

• Comfortable, social layout with roomy seating and practical storage.
• Extended swim platform and open stern simplify anchoring and rear-deck relaxation.
• Smooth, stable ride that handles waves well and inspires confidence at lower speeds.
• Some owners consider the factory radio basic, with limited paths for audio upgrades.
• An isolated mid RPM vibration was reported on one boat and required dealer troubleshooting.
• Minor convenience items, such as fender baskets, may be omitted on certain builds.
