## OVERVIEW

---

The 51 Convertible from Bertram Yacht is offered through Shestakov Yacht Sales. This motor yacht combines a 51 ft hull with a 16 ft beam and an ample fuel reserve, built on a fiberglass and plastic foundation for straightforward care. For questions about availability, showings, or next steps, contact broker Andrey Shestakov at Shestakov Yacht Sales.

## Selecting a 51 Convertible

---

If you're evaluating a 51-foot platform that blends proportional design with practical operating costs, the 51 Convertible is worth close consideration. With an LOA of 51 ft (15.54 m), a beam of 16 ft (4.93 m), and a maximum draft of 16.404 ft (5 m), it presents a secure hull form, while a single MAN powerplant reduces mechanical complexity and servicing needs. The vessel's hull uses fiberglass and plastic construction and the deck is laid in Fiberglass, providing long term durability with modest maintenance. Coordinate with Andrey Shestakov and the Shestakov Yacht Sales team to match this motor yacht to your cruising program.

## Features of the Model

---

- Classification: motor yacht
- Builder and model: Bertram Yacht 51 Convertible
- Hull construction: fiberglass and plastic; deck: Fiberglass
- Power: Single MAN engine
- Dimensions that balance space and handling: 51 ft LOA and 16 ft beam
- Generous tankage for longer passages: 1,057 gallons of fuel and 185 gallons of water
- Substantial draft profile: 16.404 ft (5 m)

---

## Technical Specifications

---

- Model: 51 Convertible
- Builder: Bertram Yacht
- Type: motor yacht
- Hull: fiberglass and plastic
- LOA: 51 ft (15.54 m)
- Beam: 16 ft (4.93 m)
- Draft (max): 16.404 ft (5 m)
- Engines: 1 × MAN
- Deck material: Fiberglass
- Fuel capacity: 1,057 gal
- Water capacity: 185 gal

---

## Pricing and Ordering

---

Current pricing, inventory status, and purchase arrangements for the 51 Convertible are provided upon request. Reach out to Andrey Shestakov at Shestakov Yacht Sales to arrange inspections, submit offers, or review transaction timelines tailored to your needs.

---

## Questions and Answers

---

Q: What type of yacht is the 51 Convertible and who builds it? A: The 51 Convertible is a **motor yacht**, produced by **Bertram Yacht**, with a **fiberglass and plastic** hull.

Q: What are the principal dimensions? A: **LOA** is 51 ft (15.54 m) and **beam** is 16 ft (4.93 m), creating a stable and roomy footprint on the water.

Q: What is the draft? A: The **maximum draft** measures 16.404 ft (5 m).

Q: What powers the yacht? A: Propulsion comes from a **single MAN engine** (engine count: 1; manufacturer: MAN).

Q: What are the tank capacities? A: **Fuel capacity** is 1,057 gallons, and **water capacity** is 185 gallons, allowing for extended periods between refueling and resupply.

## Owner Experience Review

---

Owners typically employ the 51 Convertible by Bertram Yacht as a hybrid family cruiser and sportfishing platform—ideal for weekend cocktail cruises and anchored weekends as well as day trips for fishing and diving. The layout commonly cited includes three staterooms, two heads, and a full galley, complemented by a spacious salon and an ample cockpit; many owners report a comfortable level of fit and finish. Forward salon windows add brightness to the interior, though owners note they can reduce storage options and increase heat when exposed to direct sun. Model year 2004 examples are frequently shown in listings and literature.

Impressions under way vary. Some owner/operators on forums describe the 51 as short on speed, ride quality, and interior flow, while broker listings assert top speeds near 40 knots, efficient cruising behavior, and an exceptionally dry ride compared with other 50 foot models. A number of boats are reported to exhibit rocking while trolling, prompting owners to consider adding gyro stabilization to mitigate that motion.

Prospective buyers should anticipate meaningful maintenance. Discussions on forums and in sales histories stress significant upkeep on larger Bertram Yacht vessels, with MAN 1050/1300 hp installations demanding extensive service; 2004 boats in particular show records of major engine overhauls and accumulated hours. These details factor heavily into ownership costs and decision making.

Separate commentaries on modern era build quality—such as coring and delamination issues observed on some larger models—have encouraged buyers to be more vigilant about quality control and to insist on detailed surveys and complete maintenance documentation.

## Pros and Cons

- Flexible for family cruising, weekendng, day-fishing, and diving.
- Comfortable fit and finish with three staterooms, two heads, and a full galley.
- Roomy salon and large cockpit support both cruising and fishing routines.
- Mixed reports on speed and ride, with some owners/operators finding it lacking.
- Reports of rocking at troll on some boats, with gyro stabilization discussed by owners.
- Upkeep can be substantial, with MAN engine service and major maintenance commonly cited.
