- Deck material: Fiberglass
- Hull configuration: Other

Pricing and Ordering

For current pricing, availability, and build slots for the 170 DAUNTLESS, contact Andrey Shestakov at Shestakov Yacht Sales. Our team will assist with selection, inspection, and closing, and arrange logistics, surveys, and sea trials tailored to your timeline.

Questions and Answers

Q: What makes the 170 DAUNTLESS a good first boat? A: Its compact size, single **MERCURY** outboard, and resilient **fiberglass** construction keep ownership simple while offering the capability of a true motor yacht.

Q: Is the hull durable for frequent use? A: Yes, the стеклопластиковый корпус paired with a fiberglass deck is built for longevity and easy upkeep.

Q: What engine configuration does it have? A: The model is equipped with one **Outboard** engine from **MERCURY** , running on **Unleaded** fuel for efficient performance.

Q: Can Shestakov Yacht Sales help with inspections and sea trials? A: Absolutely—Andrey Shestakov and the team coordinate **surveys** , **sea trials** , and all closing logistics for a smooth purchase.

Q: Is the 170 DAUNTLESS suitable for varied activities? A: Yes, the open layout and versatile size make it ideal for **fishing** , **family cruising** , and **watersports** within the motor yacht class.

Owner Experience Review

Owners consistently describe the 170 DAUNTLESS by Boston Whaler as a versatile dayboat that punches above its size for family outings and light inshore fishing. The open center console layout, bow cushions, and aft quarter seats make it easy to move around with kids aboard, while integrated cooler and console storage simplify packing for a beach run or a few hours on the flats. Handling is predictable and forgiving; it tracks well at cruise, feels stable in calm to moderate chop, and gets on plane quickly, which helps when hopping between spots or beating a weather window.

As a trailer friendly 17 footer, owners value how quickly they can launch, enjoy a day, and head home without marina logistics. Most boats are paired with 90–115 hp FourStroke outboards, and owners characterize these packages as reliable and straightforward to service. Comfort is firmly "day use": there's no cabin or galley, so expectations center on short trips, not overnights. A few forum reports note sporadic gelcoat crazing or stress cracking on older, hard used examples; prudent buyers are advised to inspect the hull, stringers, and transom carefully, but these issues don't appear systemic in owner discussions.

Pros and Cons

• Planes quickly and handles predictably, inspiring confidence for new and experienced boaters.
• Flexible dayboat layout with practical storage suited to family use and fishing.
• Trailerable size simplifies ownership, launching, and weekend use.

• Limited shelter and no cabin or galley, restricting trips to day outings.
• Best suited to inshore bays and nearshore runs, not long offshore passages.
• Sporadic reports of gelcoat or hull stress on older boats warrant careful inspection.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
170 DAUNTLESS	17' 0" (5.18 m)				
13 Sport	13' 0" (4.01 m)	6' 0" (1.83 m)			
380 Outrage	42' 0" (12.83 m)	11' 0" (3.56 m)	6' 7" (2 m) – 10' 11" (3.33 m)		14500
