OVERVIEW

Efficient, capable, and built for adventure, the 255 CONQUEST by Boston Whaler delivers offshore confidence in a compact footprint. Work with Andrey Shestakov and Shestakov Yacht Sales to assess availability, outfitting, and delivery options tailored to your boating plan.

Selecting a 255 CONQUEST

Choosing the 255 CONQUEST means opting for a flexible platform that blends fishability with family comfort. As a motor yacht with a fiberglass hull construction, it delivers durability, straightforward upkeep, and a capable ride in a trailerable size. Andrey Shestakov and Shestakov Yacht Sales can guide you through configuration choices and comparable listings to align with your cruising or angling preferences.

Features of the Model

• Offshore-ready design packaged in 25 ft (7.62 m) for confident day trips and weekend runs.
• Twin MERCURY outboards for nimble handling, redundancy, and efficient performance on **unleaded** fuel.
• Sturdy fiberglass construction with a fiberglass deck for low maintenance and long-term value.
• Thoughtful helm ergonomics and cockpit layout that support both fishing and family recreation.

Technical Specifications

- Overall length (LOA): 25 ft / 7.62 m
- Engines: 2 x MERCURY
- Engine type: Outboard
- Fuel type: Unleaded
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Hull configuration: Other

Pricing and Ordering

Current pricing, build options, and delivery timelines vary by inventory and market conditions. Contact Andrey Shestakov at Shestakov Yacht Sales for a personalized quote, trade-in evaluation, and logistics planning. Our team will coordinate inspections, surveys, and sea trials to streamline your purchase of the 255 CONQUEST.

Questions and Answers

Q: What kind of fuel do the MERCURY engines use? A: The twin MERCURY outboards run on **unleaded** fuel, simplifying dockside refueling.

Q: Is the 255 CONQUEST considered a motor yacht? A: Yes—it's a motor yacht, optimized for versatile coastal cruising and fishing.

Q: What is the hull and deck made of? A: The hull is fiberglass and plastic, and the deck is **fiberglass** for durability and easy maintenance.

Q: How many engines are standard on this model? A: The 255 CONQUEST is equipped with **two** MERCURY outboard engines for performance and redundancy.

Q: Who can help me source and purchase this model? A: Andrey Shestakov and the team at Shestakov Yacht Sales will assist with listings, negotiations, inspections, and delivery arrangements.

Owner Experience Review

Owners describe the 255 CONQUEST from Boston Whaler as a versatile walkaround that smoothly balances family cruising and nearshore sportfishing. The cuddy cabin is compact yet genuinely practical for quick overnights with kids, featuring a small V berth and a porta head tucked under a seat. In the cockpit, the fishing ergonomics are frequently praised, and several owners note that the helm/dash area provides enough space to house the electronics they actually use.

On the water, the boat delivers a predictable ride and feels solid in chop, a trait owners attribute to the iconic Whaler hull. It tracks well and holds course when conditions get rough, delivering a brisk-feeling cruise. That speed comes with a tradeoff: compared with smaller center consoles, owners report higher fuel consumption. Day-to-day upkeep mirrors other outboard rigs—access is straightforward—but they emphasize routine saltwater corrosion prevention and periodic checks of transom hardware, rigging, and aging electronics. On older boats, owners also flag bilge and through hull fittings as items to inspect.

Pros and Cons

- Predictable, confidence-boosting ride in chop with solid course-holding.
- Flexible layout suits mixed family cruising and nearshore fishing.
- Helm area offers ample space for modern electronics installations.
- Cuddy cabin is tight for extended stays beyond quick overnights.
- Cruise feels brisk, but fuel burn is higher than smaller center consoles.

• Older boats may require attention to electronics, bilge and through-hull fittings, and transom hardware.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
255 CONQUEST	25' 0" (7.62 m)				
13 Sport	13' 0" (4.01 m)	6' 0" (1.83 m)
