# OVERVIEW

The VANTAGE 320 from Boston Whaler is a motor yacht built on a sturdy fiberglass and plastic foundation and propelled by twin MERCURY outboard engines. Shestakov Yacht Sales, led by Andrey Shestakov, stands ready to assist with every step of purchase and delivery.

## Selecting a VANTAGE 320

Opting for the VANTAGE 320 signals a preference for dependable twin outboard propulsion, ease of maintenance, and a practical 33-foot platform suited to a range of cruising activities. As a motor yacht featuring a fiberglass and plastic hull, it offers durability without complicating ownership. For availability, sea trials, surveys, and logistics, contact Andrey Shestakov at Shestakov Yacht Sales for personalized support.

## Features of the Model

• LOA: 33 ft (10.06 m) designed to balance onboard room with manageable handling and docking
• Propulsion: 2 x MERCURY outboards delivering responsive thrust and straightforward service
• Fuel: Unleaded to ensure compatibility with most marina fueling stations
• Construction: Hull constructed from fiberglass and plastic; deck finished in Fiberglass
• Type: motor yacht
• Hull configuration: Other

## Technical Specifications

- Model: VANTAGE 320
- Builder: Boston Whaler
- Yacht type: motor yacht
- Length overall (LOA): 33 ft (10.06 m)
- Engines: 2 x MERCURY
- Engine type: Outboard
- Fuel type: Unleaded
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Hull configuration: Other

## Pricing and Ordering

Pricing for the VANTAGE 320 fluctuates based on vessel condition, chosen fit-out, and market timing. For up-to-date pricing, current listings, and guided purchase support—including viewings, offers, sea trials, surveys, and delivery arrangements—please contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage coordinates the full transaction and can manage delivery to your desired port.

## Questions and Answers

Q: What defines the VANTAGE 320 in its class? A: It is a motor yacht built by Boston Whaler on a tough fiberglass and plastic structure, delivering a combination of **reliability** and **practicality** on a 33-foot platform.

Q: What propulsion does it use? A: This model is fitted with **twin MERCURY outboards** (2 engines) that run on **Unleaded** fuel, simplifying refueling and

routine maintenance.

Q: How large is the boat? A: The VANTAGE 320 measures an **LOA of 33 ft (10.06 m)** , providing a compromise between generous onboard space and convenient marina access.

Q: What materials and hull setup are specified? A: The hull is made of fiberglass and plastic with a **Fiberglass** deck; the **hull configuration** is classified as **Other** .

Q: How do I arrange a viewing or purchase? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** for current listings, inspections, and negotiation support on the VANTAGE 320.

## Owner Experience Review

Introduced roughly in 2015 and maintained in dealer archives through 2024, the Boston Whaler VANTAGE 320 is frequently chosen as a family day-boat that also accommodates weekend excursions. Its dual-console arrangement, adaptable seating plans, and a compact cabin make short overnight stays feasible, while the cockpit layout is equally suited for inshore and light offshore fishing. Many owners and brokers even cite its turnkey feel and sturdy construction as reasons it can serve as a charter-ready day boat.

On the water, owners regularly note that the reverse-sponson hull minimizes spray and maintains composure in chop and short-period waves. Reviewers praise its steady tracking, predictable handling, and an offshore aptitude that is credible for a 32-foot dual-console. With higher-power twin installations, owners report an efficient cruise speed in the 30–35 mph range; several owners have observed, “Twin 300's V8 are the way to go on this boat,” whereas lower-power configurations yield more modest cruise speeds.

Comfort and usability score well among owners: seating ergonomics receive

positive comments, many recommend adding “SeaDeck flooring (must have),” and the small cabin becomes comfortable if you specify or retrofit A/C—one long-term owner flagged “Air conditioning in cabin running off DC power” as a desirable feature. Galley appliances see mixed use, with some owners noting “Refrigerator isn't necessary.” Maintenance impressions vary: the foam-filled Unibond hull and overall construction feel robust, but routine dealer servicing can be expensive, and there are reports of issues with dealer-installed items and warranty handling—for instance, one owner said the wrong batteries were fitted and they were charged about $2,500 to correct the problem. Choice of engines also affects ownership costs: higher-power Mercury/Verado setups deliver stronger performance but tend to increase service and repair expenses and create more reliance on dealer networks.

## Pros and Cons

• The reverse-sponson hull helps cut down spray and produces a steadier ride in choppy conditions.
• With higher-power twin engines it typically cruises efficiently in the 30–35 mph band, offering solid tracking and respectable offshore performance for a 32' dual-console.
• The adaptable dual-console layout accommodates family day cruising, light fishing trips, and even charter-style day operations.
• The cabin is compact and benefits significantly from air conditioning; without A/C, comfortable overnighting on warm nights can be limited.
• Dealer service costs can be high, and there are occasional reports of warranty and installation problems (for example, incorrect batteries installed and a charge of about $2,500).
• Selecting higher-power engine packages will increase performance but also raise maintenance costs and dependence on dealers.

# Comparison with Other Models

| Model | LOA | Beam | Draft | Speed (Cruising/ Max) | Gross Tonnage |
|---|---|---|---|---|---|
| VANTAGE 320 | 33' 0" (10.06 m) | | | | |
| 13 Sport | 13' 0" (4.01 m) | 6' 0" (1.83 m) | | | |
| 380 Outrage | 42' 0" (12.83 m) | 11' 0" (3.56 m) | 6' 7" (2 m) – 10' 11" (3.33 m) | | 14500 |
| 360 Outrage | 36' 0" (11.10 m) | 11' 0" (3.43 m) | 8' 9" (2.67 m) | | |
| 320 VANTAGE | 32' 0" (9.75 m) | 10' 0" (3.05 m) | | | |
| 350 Realm | 35' 0" (10.82 m) | 10' 0" (3.30 m) | 6' 10" (2.08 m) | | |
