# OVERVIEW

---

Presented by Shestakov Yacht Sales, the Enclosed Bridge Sportfish from BURGER BOAT COMPANY is an elegantly engineered motor yacht configured as a serious sport fisherman. Built on a stout aluminum hull and designed to operate in semi-displacement mode, it combines rugged construction with purposeful sea-keeping. For availability, specifications, or to schedule a private inspection, contact broker Andrey Shestakov and the Shestakov Yacht Sales team.

## Selecting a Enclosed Bridge Sportfish

---

Opting for the Enclosed Bridge Sportfish emphasizes purposeful engineering from BURGER BOAT COMPANY paired with the resilience of a metallic aluminum build and the operational flexibility of a dedicated sport fisherman. At 108 ft (32.92 m) LOA with a 24 ft (7.32 m) beam and sleeping arrangements for 6 plus 3 crew cabins, it delivers a deliberate mix of fishing capability and comfortable passagemaking. Performance projections of a 24 knot cruise and a 28 knot top end reinforce its standing as a high performance motor yacht.

## Features of the Model

---

- Purpose-built semi-displacement hull by hull designer Don O’Keefe (USA) for confident performance.
- Interior by Burger Design Team (USA) with an enclosed-bridge layout befitting the model’s mission.
- Twin MTU inboard diesel propulsion (2 engines) delivering 24 knots cruise and up to 28 knots top speed.
- Strong aluminum construction with aluminum decks for durability and low maintenance.

- Substantial capacities: 8,025 gallons of fuel and 1,500 gallons of fresh water to support extended operations.
- 186 gross tons, reflecting volume and onboard utility across fishing and cruising programs.

## Technical Specifications

---

- Model: Enclosed Bridge Sportfish
- Builder: BURGER BOAT COMPANY
- Type: motor yacht; Subtype: sport fisherman
- Hull: aluminum construction
- Deck Material: Aluminum
- Hull Configuration: Semi-Displacement
- Hull Designer: Don O'Keefe (USA)
- Interior Designer: Burger Design Team (USA)
- Length Overall (LOA): 108 ft (32.92 m)
- Beam: 24 ft (7.32 m)
- Draft (Max): 19.411 ft (5.9166 m)
- Gross Tonnage: 186 GT
- Engines: 2 × MTU, Inboard, Diesel
- Cruising Speed: 24 kn (27.62 mph)
- Maximum Speed: 28 kn (32.22 mph)
- Accommodations: 6
- Crew Cabins: 3
- Fuel Capacity: 8,025 gal
- Fresh Water Capacity: 1,500 gal

## Pricing and Ordering

---

To obtain current pricing, confirm availability, or arrange a private showing of

the Enclosed Bridge Sportfish from BURGER BOAT COMPANY, please contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage team will assist with detailed specifications, survey coordination, and the transaction process for this purpose-built motor yacht configured as a serious sport fisherman and constructed in aluminum.

## Questions and Answers

---

Q: What are the cruising and top speeds of the Enclosed Bridge Sportfish? A: The **cruising speed** is 24 knots (27.62 mph) and the **top speed** is 28 knots (32.22 mph), powered by twin **MTU** inboard diesels from BURGER BOAT COMPANY.

Q: What is the hull made of, and what is the configuration? A: The **hull material** is a robust aluminum construction, and the **hull configuration** is Semi-Displacement for balanced performance and efficiency on the Enclosed Bridge Sportfish.

Q: Who designed the hull and interior? A: The **hull designer** is Don O'Keefe (USA), and the **interior designer** is the Burger Design Team (USA), reflecting the pedigree of BURGER BOAT COMPANY.

Q: How many people can the yacht accommodate, and what about crew spaces? A: There are **accommodations** for 6, plus **crew** arrangements across 3 crew cabins aboard the Enclosed Bridge Sportfish.

Q: What are the fuel and water capacities? A: The yacht carries **8,025 gallons of fuel** and **1,500 gallons of fresh water**, supporting the operational profile of this motor yacht and dedicated sport fisherman. For acquisition details, contact Andrey Shestakov at Shestakov Yacht Sales.

## Owner Experience Review

---

Owners and captains operating the Enclosed Bridge Sportfish from BURGER BOAT COMPANY consistently report a long range sportfisher that maintains a lively, responsive feel underway. Broker records repeatedly reference fuel capacity above 8,000 gallons, cruising runs near 24 knots with top speeds around 28 knots, and the vessel's ability to "really move when needed." One broker encapsulated the boat's appeal: "With her incredible fuel capacity of over 8000 gallons and a cruising speed of 24 knots, you can go farther and stay longer than any boat I have had the pleasure of representing."

Sale listings and refit histories describe an interior layout oriented toward comfort and utility: a spacious main salon and a forward galley finished in satin teak, with the enclosed bridge helm arrangement freeing up additional living volume below. On the 108' enclosed bridge versions commonly advertised, the guest plan typically includes three ensuite staterooms plus separate crew quarters—an arrangement well suited for family cruising or operation as a charter platform. Several documented examples note interior upgrades (for example, a 2014 interior refit noted in multiple broker records) that refreshed soft goods, heads, and entertainment equipment.

Fishing operations are supported by a fully outfitted cockpit shown in listings—center fighting chair, large livewell, and in deck fish boxes—while routine passagemaking benefits from the vessel's range and speed. Prospective buyers should budget for the realities of maintaining a large, system rich yacht: typical installations of twin MTU Series 4000s follow factory maintenance protocols, and extensive systems (multiple generators, stabilizers, and large tankage) increase routine service complexity and cost. Many vessels have completed significant refits or periodic overhauls, so condition, maintenance needs, and downtime will vary by individual boat.

## Pros and Cons

- Over 8,000 gallon fuel capacity and roughly 24 knot cruise support genuine long range cruising.
- Shallow draft and aluminum hull expand access to Bahamas and near shore grounds without sacrificing offshore ability.
- Purpose built sportfishing cockpit (fighting chair, livewell, in deck fish boxes) suits serious big game programs.
- MTU Series 4000 power and multiple large systems demand specialized maintenance and higher operating budgets.
- Many examples have undergone major refits and periodic overhauls, so condition and downtime vary by boat.
- The enclosed bridge helm is a preference trade off versus an open flybridge feel and sightlines.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
Enclosed Bridge Sportfish	108' 0" (32.92 m)	24' 0" (7.32 m)	19' 5" (5.92 m)	24 kn / 28 kn	186
