OVERVIEW

Built by Cabo Yachts, the 45 Express Los Suenos Edition is offered as a motor yacht set up for serious sport fisherman use, sitting on a fiberglass and plastic hull and finished with a fiberglass deck. This model is presented by Shestakov Yacht Sales, with broker Andrey Shestakov managing inquiries.

Selecting a 45 Express Los Suenos Edition

If your program requires a swift, seaworthy platform that favors diesel efficiency, the 45 Express Los Suenos Edition merits serious consideration. Measuring 45 ft (13.72 m) overall with a 15 ft (4.78 m) beam and a 19.685 ft (6 m) minimum draft, it strikes a balance between onboard volume and offshore capability. Twin inboard diesel powerplants enable a comfortable 27-knot cruise and a theoretical top end near 40 knots, supported by an 800-gallon fuel supply and 100 gallons of fresh water, with a single head for convenience between passages. Shestakov Yacht Sales — led by broker Andrey Shestakov — can assist with selection, inspections, and closing procedures.

Features of the Model

- Power and performance: 2 x Caterpillar inboard diesel engines, capable of a 27 kn cruise (31.07 mph) and a 40 kn top speed (46.03 mph).
- Purpose-built category: a motor yacht engineered as a sport fisherman for confident offshore passages.
- Construction: a fiberglass and plastic hull combined with a fiberglass deck.
- Practical essentials: single head, 800 gal fuel capacity, and 100 gal freshwater capacity.

Technical Specifications

- Builder: Cabo Yachts
- Model: 45 Express Los Suenos Edition
- Category: motor yacht; sport fisherman
- Hull: fiberglass and plastic; Deck material: Fiberglass
- LOA: 45 ft (13.72 m)
- Beam: 15 ft (4.78 m)
- Draft (min): 19.685 ft (6 m)
- Engines: 2 x Caterpillar; Type: Inboard; Fuel: Diesel
- Cruise speed: 27 kn (31.07 mph)
- Max speed: 40 kn (46.03 mph)
- Fuel capacity: 800 gal
- Water capacity: 100 gal
- Heads: 1

Pricing and Ordering

For up-to-date pricing, current availability, and customized purchase options for the 45 Express Los Suenos Edition, please contact Shestakov Yacht Sales. Broker Andrey Shestakov will arrange viewings, handle negotiations, and manage the transaction process through survey and delivery.

Questions and Answers

Q: What is the **yacht type** of the 45 Express Los Suenos Edition? A: It is categorized as a motor yacht configured as a sport fisherman and built by Cabo Yachts.

Q: What are the **dimensions** and **draft** ? A: The **LOA** measures 45 ft (13.72 m),

the **beam** is 15 ft (4.78 m), and the **minimum draft** is listed at 19.685 ft (6 m).

Q: What **engines** power this model and how fast does it go? A: Twin **Caterpillar inboard diesel** engines provide propulsion, producing a **cruise speed** of 27 kn (31.07 mph) and a **maximum speed** of 40 kn (46.03 mph).

Q: What are the **hull** and **deck** materials? A: The hull falls into the fiberglass and plastic category, while the deck is constructed of **fiberglass** .

Q: How do I get **pricing** and start an **order** ? A: Contact Shestakov Yacht Sales; broker Andrey Shestakov will supply **pricing** , check availability, and guide you through the **ordering** and purchase steps for the 45 Express Los Suenos Edition.

Owner Experience Review

Owners are drawn to the 45 Express Los Suenos Edition from Cabo Yachts for its tournament-capable cockpit and steady behavior offshore. The modified-V hull offers a planted feel in rough water and good tracking; close-quarters handling is notable, with tight turning ability and confident backing performance. Typical cruise tends to sit in the mid- to high-20-knot range depending on power, and owners operating MAN 800s have reported cruises near 28.5 knots when the boat is well maintained.

Below, accommodations are often praised as top-tier for their era: a generous salon with quality joinery and layouts that can be specified as single- or two-stateroom. The galley and head feature Corian surfaces and full-sized appliances. On deck, the helm is centered with broad lounge seating and an adjustable Stidd chair to ease long passages; sightlines are generally good, though many owners fit an enclosure to reduce spray in heavier seas.

Maintenance benefits from a roomy engine room with excellent access, but owners emphasize the need for diligent, ongoing upkeep. Common

maintenance items include exhaust hose clamps, raw-water impellers, shaft seals, and bonding/grounding checks, along with routine servicing of the generator, cooling, and fuel systems. Expect significant fuel and operating expenses for large diesels—one owner summed it up: "it burns 80-85gph whether you're doing 25 or 35 knots"—and older examples may display gelcoat crazing and require updates to soft goods and electronics; some refits add spray or lift rails to curb spray and improve running angle, and a comprehensive survey is recommended before buying.

Pros and Cons

- Stable offshore performance from the modified-V hull that keeps the boat where she's put.
- Excellent close-quarters handling, with the ability to turn on a dime and back down decisively.
- Five-star accommodations with a roomy salon, well-appointed galley, and expansive bridge-deck seating.
- High fuel and operating costs for big diesels, with owners reporting roughly 80–85 gph over a wide cruise range.
- Open helm benefits from a proper enclosure for spray protection in rough conditions.
- Older boats can show gelcoat crazing and dated soft goods/electronics, so a thorough survey is recommended.
