## OVERVIEW

---

The Launch 27 Wake Surf Heritage Trim Edition from Chris-Craft is presented as an elegant motor yacht built on a fiberglass and plastic hull with a Modified Deep Vee running surface. International representation is handled by Shestakov Yacht Sales with broker Andrey Shestakov, offering a combination of traditional craftsmanship and practical day-cruising capability.

### Selecting a Launch 27 Wake Surf Heritage Trim Edition

---

Opting for the Launch 27 Wake Surf Heritage Trim Edition reflects a preference for straightforward operation and meticulous finishing from Chris-Craft. Measuring 26 ft (8.13 m) LOA with an 8 ft (2.59 m) beam, equipped with a single Volvo Penta I/O gas/petrol powerplant and one enclosed head, it is tailored to day boating and brief coastal jaunts. With 77 gallons of fuel capacity and 9 gallons of freshwater onboard, this compact motor yacht is configured for comfortable, uncomplicated outings.

### Features of the Model

---

- Single-engine Volvo Penta I/O, Gas/Petrol
- Modified Deep Vee hull form for composed tracking
- fiberglass and plastic hull with fiberglass deck
- Hull and interior design by Chris-Craft
- One head and practical day-boat capacities (fuel and water)

## Technical Specifications

---

- LOA: 26 ft (8.13 m)
- Beam: 8 ft (2.59 m)
- Draft (max): 10.936 ft (3.3333 m)
- Hull material: fiberglass and plastic
- Deck material: Fiberglass
- Hull configuration: Modified Deep Vee
- Hull designer: Chris-Craft
- Interior designer: Chris-Craft
- Engines: 1 x Volvo Penta, I/O
- Fuel type: Gas/Petrol
- Heads: 1
- Water capacity: 9 gal
- Fuel capacity: 77 gal

## Pricing and Ordering

---

For current stock, pricing details, and delivery arrangements for the Launch 27 Wake Surf Heritage Trim Edition, please reach out to Andrey Shestakov at Shestakov Yacht Sales. Our brokerage team will arrange inspections, assemble the necessary paperwork, and coordinate transportation to your chosen destination.

## Questions and Answers

---

Q: What type of boat is this model? A: It is a motor yacht built on a fiberglass and plastic hull, designed primarily for confident day cruising and shoreline recreation.

Q: Who designed and built the yacht? A: The hull and interior styling are the work of Chris-Craft, and the vessel is manufactured by Chris-Craft. **Builder** pedigree and **design** continuity are central to its appeal.

Q: What are the key dimensions? A: **LOA** measures 26 ft (8.13 m), **Beam** is 8 ft (2.59 m), and **Draft (max)** is 10.936 ft (3.3333 m), yielding a compact profile with deliberate proportions.

Q: What propulsion does it have? A: Propulsion comes from 1 x **Volvo Penta I/O** running on **Gas/Petrol** , offering a straightforward balance of simplicity and reliable performance in the Launch 27 Wake Surf Heritage Trim Edition.

Q: How do I purchase through the brokerage? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** to discuss **pricing** , availability, and the purchase process; our team will support you through offer submission, survey coordination, and final delivery for the Launch 27 Wake Surf Heritage Trim Edition.

## **Owner Experience Review**

---

Owners commonly choose the Launch 27 Wake Surf Heritage Trim Edition from Chris-Craft as a well finished day boat for family outings and weekend lake trips. Listings and owner commentary regularly highlight bow seating, an IsoTherm fridge, a concealed porta-potti head, and surf oriented fittings — Wake Worx surf tabs, a forward facing drive and Zero Off cruise control — which, with added ballast, can create a workable wakesurf wave. The majority of vessels are operated and stored on freshwater, consistent with its role as a day boat.

On the water, realistic expectations are important. A professional sea trial of a Launch 27 fitted with a Seakeeper Ride 525 recorded roughly a 40% reduction in roll at 26 mph in 5 ft seas, though owner reports continue to emphasize

that this design is not intended for heavy offshore conditions. Practical measures help: latch the walk through windshield in anything beyond light chop, and recognize that the layout and features are optimized for daytime use rather than extended overnight cruising. Regarding upkeep, owners value the powered engine hatch for easier access but note that digital throttle/shift systems and engine displays frequently require dealer-level diagnostics, and that I/O sterndrive servicing is often among the more expensive maintenance items.

## Pros and Cons

- Heritage styling with teak trim delivers the classic finish many owners take pride in.
- Day boat amenities like bow seating, a fridge, a pull out shower, and a concealed head suit family cruising.
- Wake Worx surf tabs, a forward facing drive and Zero Off cruise can deliver a usable wakesurf wave when ballasted.
- It is not a rough water boat and is better suited to lakes and day use, according to owner feedback.
- Newer electronics (digital throttle/shift and engine displays) may require dealer diagnostics and support.
- I/O sterndrive systems are frequently cited as among the costliest service items to maintain.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
Launch 27 Wake Surf Heritage Trim Edition	26' 0" (8.13 m)	8' 0" (2.59 m)	10' 11" (3.33 m)
