OVERVIEW

The Duchy 45 blends contemporary performance with handcrafted detailing, offering a refined platform for coastal adventures and weekend cruising. Represented by Andrey Shestakov and Shestakov Yacht Sales, this model delivers confident speed, generous volume, and versatile deck spaces.

Selecting a Duchy 45

Choosing the Duchy 45 means prioritizing comfort, agility, and craftsmanship in a premium motor yacht. As a capable cruiser with a balanced footprint, it suits owners seeking easy handling with ample accommodation for family and guests. Work with Andrey Shestakov and the Shestakov Yacht Sales team to tailor the specification and plan sea trials.

Features of the Model

• Performance pedigree: twin inboard Volvo diesel engines and a top speed up to 32 knots (approx. 36.83 mph) for quick passages and confident maneuvering.
• Seaworthy construction: a durable fiberglass hull with composite deck for strength-to-weight efficiency and long-term resilience.
• Versatile layout: beam carried well forward for volume, making the 45-ft platform feel generous for entertaining and extended stays.
• Practical range: substantial fuel and water capacities support longer coastal hops and independent cruising.
• Brokerage guidance: Andrey Shestakov and Shestakov Yacht Sales coordinate specifications, equipment options, and delivery logistics.

Technical Specifications

- Model: Duchy 45 by COCKWELLS
- Category: motor yacht / cruiser
- Hull: fiberglass and plastic; Deck: Composite
- Length overall (LOA): 45 ft (13.72 m)
- Beam: 14 ft (4.44 m)
- Draft: 10.663 ft (3.25 m)
- Engines: 2 x Volvo, Inboard, Diesel
- Maximum speed: up to 32 kn (approx. 36.83 mph)
- Fuel capacity: 580 gal
- Fresh water capacity: 205 gal

Pricing and Ordering

Availability, options, and pricing are provided on request through Andrey Shestakov at Shestakov Yacht Sales. Our team will outline build slots, equipment packages, and delivery timelines, and assist with surveys, financing introductions, and registration.

Questions and Answers

Q: What is the maximum speed of the Duchy 45? A: The Duchy 45 reaches up to **32 knots** (about **36.83 mph**), powered by twin **Volvo** inboard diesel engines.

Q: What materials are used in the hull and deck? A: The hull is a **fiberglass and plastic** construction with a **composite** deck for durability and weight efficiency.

Q: Is the Duchy 45 suitable for weekend cruising? A: Yes. As a refined cruiser, it

balances speed, comfort, and storage, ideal for short getaways and coastal passages.

Q: Who represents this model for purchase inquiries? A: **Andrey Shestakov** and **Shestakov Yacht Sales** handle consultations, options, pricing, and delivery coordination.

Q: What are the key tank capacities? A: The Duchy 45 carries **580 gallons** of fuel and **205 gallons** of fresh water, supporting extended time away from the dock.

Owner Experience Review

Early owners and test crews view the Duchy 45 as a confident coastal cruiser that suits UK conditions. The semi-displacement, hard chined hull has been described as reassuringly substantial, maintaining poise in chop while keeping guests comfortable between the Solent, the Fal estuary and island hops like the Isles of Scilly. With IPS 600s, cruising in the mid 20s and topping out around the low 30s feels punchy for the size, and joystick features including dynamic positioning make close quarters work straightforward for an owner operator.

On board, the boat's appeal is the sociable main deck flow: bifold doors connect saloon and cockpit so the space works in changeable British weather. Owners choose between two or three cabins, with layouts that trade a below deck galley for an extra stateroom or a galley up arrangement. Reviewers consistently note handcrafted timber detailing and thoughtful stowage, lending a semi custom feel beyond typical production norms. As a new model with first deliveries around 2025–2026, long term maintenance stories are scarce, though IPS pod service intervals and access planning are familiar considerations across similar installations; the builder's expanding dealer support is positioned to help as fleets grow.

Pros and Cons

• Confident coastal seakeeping with a semi displacement, hard chined hull suited to British conditions.
• Sociable saloon to cockpit flow via bifold doors maximizes use in variable weather.
• Flexible 2 or 3 cabin layouts with quality timber fit out and ample stowage.
• New model with limited long term owner reliability data available yet.
• IPS pods add routine service requirements and interval planning.
• Not intended for long blue water passages; best for coastal and protected water cruising.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
Duchy 27	27' 0" (8.23 m)	9' 0" (2.79 m)	9' 0" (2.75 m)	20 kn / 25 kn	3.2
Duchy 35	37' 0" (11.48 m)	12' 0" (3.76 m)	9' 7" (2.92 m)	24 kn / 30 kn	
Duchy 45	45' 0" (13.72 m)	14' 0" (4.44 m)	10' 8" (3.25 m)	32 kn
