OVERVIEW

The Cranchi 44 from Cranchi combines a 44 ft (13.41 m) hull length, twin Volvo Penta propulsion, and a fiberglass and plastic hull, making it a solid contender in the motor yachts segment. For assistance with availability and buying strategy, contact Andrey Shestakov and the team at Shestakov Yacht Sales.

Selecting a Cranchi 44

If your brief calls for a contemporary motor yacht built with reliable systems, consider the Cranchi 44. Its 44 ft (13.41 m) LOA gives genuine cruising capability while the twin Volvo Penta units offer dependable drive. The hull's fiberglass and plastic composition paired with a fiberglass deck favors longevity and straightforward upkeep. Work with Andrey Shestakov at Shestakov Yacht Sales to see how this model fits your plans in the motor yachts segment.

Features of the Model

- LOA of 44 ft (13.41 m) to support a range of cruising profiles
- Twin Volvo Penta engines delivering dependable onboard power
- Durable fiberglass and plastic hull with a fiberglass deck for low-maintenance operation
- Identified as a motor yacht within the wider motor yachts market
- Manufactured and supported by Cranchi

Technical Specifications

- Length Overall (LOA): 44 ft / 13.41 m

- Engines: 2 x Volvo Penta
- Hull: fiberglass and plastic construction
- Deck: Fiberglass
- Classification: motor yacht; segment: motor yachts

Pricing and Ordering

For up-to-date pricing, current availability, and bespoke purchasing options for a Cranchi 44, reach out to Andrey Shestakov at Shestakov Yacht Sales. Our brokerage manages inspections, price negotiations, paperwork, and delivery logistics to simplify acquisition of this motor yacht.

Questions and Answers

- What is the **LOA** of the Cranchi 44? The **LOA** measures 44 ft (13.41 m).
- What **engines** power the yacht? Propulsion is provided by twin **Volvo Penta** engines.
- What are the **hull** and **deck** materials? The **hull** is constructed from fiberglass and plastic, and the **deck** is fiberglass.
- What is the **classification** of this model? It is classified as a motor yacht within the motor yachts segment.
- How do I **purchase** or **list** a Cranchi 44? Contact Andrey Shestakov at Shestakov Yacht Sales for help with listings, valuation, and the full transaction process.

Owner Experience Review

Owners commonly deploy the Cranchi 44 from Cranchi for family coastal vacations and relaxed weekend getaways. The two-cabin, two-head arrangement plus air-conditioning and a comfortable saloon accommodate

four to six guests with ease. Above deck, the roomy cockpit with a convertible dinette and the electric hard-top/soft-top arrangement create genuine open-to-closed versatility, and charterers frequently praise day trips launched from the bathing platform with toys in tow.

On performance, factory figures and owner feedback suggest an economical cruise near 27–29 knots at about 2200 rpm, delivering relatively modest fuel use for its class. Ride quality is often described as composed, steady, and secure; when fitted with a joystick and bow thruster many owners highlight very simple handling in tight marina situations.

Maintenance commentary is realistic: engine-room access is somewhat limited, which can complicate hands-on servicing. Buyers typically value a full, documented service history and prefer factory or specialist maintenance; routine checks on diesel systems, drives, and engine hours are standard due diligence. Across public threads and listings reviewed, there is no single recurring mechanical fault reported.

Pros and Cons

- The adaptable two-cabin, two-head layout and large cockpit make it well suited to family cruises and day-charter work.
- Delivers a confident ride and an efficient cruise in the 27–29 knot band with comparatively low fuel consumption for the category.
- Docking is straightforward when the vessel is equipped with a joystick and bow thruster, earning praise for ease of maneuvering in ports.
- Engine-room crampedness can make some maintenance and DIY tasks more awkward.
- Interior joinery and finishes are good, though some owners note they do not reach the finishing level of a Fairline.
- Optimized for groups of 4–6; larger overnight parties will find

accommodation space limited.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
Cranchi 44	44' 0" (13.41 m)				
67 Fly	68' 0" (20.80 m)	17' 0" (5.40 m)	5' 9" (1.74 m)	23 kn / 30 kn
