OVERVIEW

The 48 Cantius by Cruisers Yachts is a modern motor yacht positioned in the motor yachts market. Measuring 48 ft (14.63 m) LOA, it rides on a fiberglass and plastic hull with a fiberglass deck and is driven by Volvo propulsion, delivering a balanced mix of capability and comfort. For guidance on acquiring or evaluating this model, Shestakov Yacht Sales and broker Andrey Shestakov are available to assist.

Selecting a 48 Cantius

Engage Andrey Shestakov and the team at Shestakov Yacht Sales to identify the right 48 Cantius listings from Cruisers Yachts. We arrange viewings, coordinate surveys, and lead negotiations so each motor yacht prospect in the broader motor yachts pool is assessed to your requirements.

Q: Who can help me buy or sell a 48 Cantius? A: **Andrey Shestakov** and the team at **Shestakov Yacht Sales** will coordinate showings, support **survey** and negotiation, and oversee closing for offerings from Cruisers Yachts.

Owner Experience Review

Owners often choose the 48 Cantius from Cruisers Yachts for family-oriented cruising and socializing afloat. The full beam, level main deck arrangement creates a double salon atmosphere with uninterrupted sightlines, while the generous cockpit—fitted with lounge seating, a Kuuma grill, and a refrigerator/ice maker—proves ideal for day trips and entertaining.

Below deck, the typical two cabin/two head plan, featuring a mid cabin master, supports weekend getaways and longer coastal passages; many boats also include the convenience of a washer/dryer and an additional vanity in numerous examples.

In operation, the twin Volvo Penta IPS 600 setup with joystick control makes close quarters handling straightforward, and owners report confident performance in normal conditions. Independent testing recorded approximately 21.3 knots at 3,000 rpm and roughly 31.2 knots at top speed, offering a balance between efficient cruising and quicker hops between marinas. Mechanically, service spaces are organized with labeled access points and under sole panels for pumps to simplify routine tasks, but IPS pods typically require manufacturer or dealer specialists. Forum discussions mention occasional gearbox failures, water ingress, and ECU/temperature issues; prudent buyers should follow the owner's manual and secure a documented service history.

Pros and Cons

- Full beam, level main deck with a double salon layout and a spacious cockpit ideal for family cruising and entertaining.
- Two cabin/two head arrangement with a mid cabin master; optional washer/dryer and separate vanity found on many examples support weekend

and extended coastal cruising.

- Volvo Penta IPS 600 drivetrain with joystick control simplifies maneuvering and yields roughly 21 kt cruise and 31 kt top speed in independent tests.
- IPS pods often need specialized dealer service, and owner forums report issues such as gearbox faults, water ingress, and ECU/temperature events.
- Some onboard amenities (for example, washer/dryer or a separate vanity) differ by hull, so verify equipment on each individual boat.
- Owners should budget for scheduled maintenance per the owner’s manual and for any service peculiarities of pod driven systems.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/...	Gross...
48 Cantius	48' 0" (14.63 m)				
3870 Esprit	43' 0" (13.18 m)	13' 0" (4.12 m)	9' 10" (3 m)
