OVERVIEW

Presented by Shestakov Yacht Sales, the 34 GLS South Beach Outboard from Cruisers Yachts merges the excitement of a day-boat with the comforts needed for weekend escapes. This motor yacht is built on a fiberglass and plastic platform and offers the ease of ownership and durability you expect. Reach out to broker Andrey Shestakov to check current availability and discuss the next steps.

Selecting a 34 GLS South Beach Outboard

Opting for the 34 GLS South Beach Outboard is sensible if you want a multifunctional motor yacht that handles lively days on the water and relaxed weekend trips with twin outboard power. At 34 feet, it hits a comfortable middle ground for family outings, socializing, and coastal getaways. The fiberglass and plastic hull and fiberglass deck emphasize long-term durability and simpler maintenance. Contact Andrey Shestakov at Shestakov Yacht Sales for help matching this model to your cruising plans and local conditions.

Features of the Model

• LOA of 34 ft (10.36 m) providing a substantial yet manageable presence on the water
• Twin Cruisers Yachts-specified MERCURY outboards running on unleaded fuel
• Fiberglass deck paired with a fiberglass and plastic hull for longevity and reduced upkeep
• Classified as a motor yacht so it suits a range of cruising and entertaining uses
• Simple, service-friendly systems thanks to outboard propulsion

- Length overall (LOA): 34 ft / 10.36 m
- Engines: 2 x MERCURY
- Engine type: Outboard
- Fuel: Unleaded
- Hull: fiberglass and plastic
- Deck material: Fiberglass
- Hull configuration: Other

Pricing and Ordering

Price is dependent on market supply and the condition of each vessel. For up-to-date listings, comparable sales, and help arranging surveys, logistics, and offers, contact Andrey Shestakov at Shestakov Yacht Sales. We'll work with you to find a motor yacht such as the 34 GLS South Beach Outboard that suits your budget and timeline.

Questions and Answers

Q: What type of yacht is the 34 GLS South Beach Outboard? A: It is a motor yacht built for flexible cruising and day-boat use, constructed within the fiberglass and plastic hull family.

Q: What powers this model? A: The boat is driven by 2 MERCURY engines with **Outboard** propulsion and operates on **Unleaded** fuel, offering straightforward serviceability.

Q: What is the length of the yacht? A: The **LOA** measures 34 ft (10.36 m), striking a practical balance between onboard space and nimble handling.

Q: What construction materials are used? A: The deck is finished in **Fiberglass** , and the hull falls under the fiberglass and plastic classification.

Q: How do I purchase through Shestakov Yacht Sales? A: Contact broker Andrey Shestakov. We'll guide you through **inspection** , **negotiation** , and **closing** and assist in locating a 34 GLS South Beach Outboard from Cruisers Yachts.

Owner Experience Review

Owners are drawn to the 34 GLS South Beach Outboard by Cruisers Yachts for its family-friendly layout, lively cockpit configuration, and suitability for coastal weekend trips. The cockpit's U-shaped seating arrangement, convenient wet bar, and multiple refrigerators create a convivial space for daytime entertaining, while the mid-cabin adds genuine weekend capability with a stand-up head and shower, a convertible dinette, and an independent mid-ship berth. When outfitted with twin outboards in the 300–350 hp range, the boat is also capable of light fishing and watersports.

On the water, sea trials routinely report brisk planing thanks to twin outboards—often twin Mercury Verado 300s—producing a lively cruising pace and confident top-end performance. The helm is described as responsive and predictable, the ride leans toward sport oriented firmness, and the vessel maintains reassuring stability in moderate chop. As one reviewer put it, "This yacht defines family fun."

Maintenance expectations align with typical twin outboard ownership, with many owners noting easier access and routine intervals versus comparable I/O arrangements. Community feedback does not reveal recurring, model-specific

faults; attention is usually directed to routine wear items such as canvas and upholstery and to monitoring engine hours. Owners commonly recommend commissioning a professional survey. Brief owner comments are generally favorable regarding construction quality and handling.

Pros and Cons

• Versatile interior and cockpit layout suited to day trips and weekend overnights, featuring ample cockpit seating, a wet bar, and multiple refrigerators.
• Mid-cabin layout with a stand-up head, shower, convertible dinette, and separate berth supports practical short cruises.
• Twin outboards deliver quick planing and responsive handling, offering a stable, confident feel in moderate chop.
• Designed primarily for day cruising and short weekend ventures rather than extended liveaboard use.
• Sport style, firmer motion may not appeal to buyers seeking the softer ride of a heavy displacement cruiser.
• Twin outboards still demand routine maintenance; owners should monitor engine hours and expect normal wear on items like canvas and upholstery.
