## OVERVIEW

---

Built by Cruisers Yachts, the 45 Cantius is a motor yacht in the cruiser segment featuring a fiberglass and plastic hull. At 45 ft (13.72 m) overall with a 14 ft (4.42 m) beam and an 11.209 ft (3.4166 m) draft, it is driven by twin Volvo inboard diesel engines, offers two heads, and carries fuel and water capacities sized for extended outings. Representation is provided by Andrey Shestakov and Shestakov Yacht Sales.

## Selecting a 45 Cantius

---

Opt for the 45 Cantius when you want a well-rounded 45 foot offering from Cruisers Yachts that combines the agile handling of a motor yacht with the cruising-oriented layout of a cruiser. Equipped with two **heads**, twin **Volvo Inboard Diesel** propulsion, and a robust fiberglass and plastic construction, it suits varied itineraries and multi-day escapes. For expert advice and yacht-specific information, reach out to Andrey Shestakov and the Shestakov Yacht Sales team.

## Features of the Model

---

- LOA 45 ft (13.72 m) with a substantial 14 ft (4.42 m) beam for stable proportions
- Twin **Volvo Inboard Diesel** propulsion; total of 2 **engines**
- Two onboard **heads** to support comfort and convenience
- Hull built of fiberglass and plastic with a Fiberglass deck
- Cruising-ready capacities: **fuel capacity** 362 gal; **water capacity** 100 gal
- Constructed by Cruisers Yachts, representing a true cruiser within the motor yacht class

## Technical Specifications

---

- Builder: Cruisers Yachts
- Model: 45 Cantius
- Type: motor yacht; Subcategory: cruiser
- Hull: fiberglass and plastic; Deck material: Fiberglass
- LOA: 45 ft (13.72 m)
- Beam: 14 ft (4.42 m)
- Draft (max): 11.209 ft (3.4166 m)
- Engines: 2; Manufacturer: Volvo; Type: Inboard; Fuel: Diesel
- Heads: 2
- Fuel capacity: 362 gal
- Water capacity: 100 gal

## Pricing and Ordering

---

Shestakov Yacht Sales provides guidance on current availability, like-for-like listings, survey coordination, and the steps involved in a purchase of the 45 Cantius. To review pricing, compare new and pre-owned examples, or arrange a private showing, contact Andrey Shestakov at Shestakov Yacht Sales for a tailored plan and next steps.

## Questions and Answers

---

Q: What kind of yacht is the 45 Cantius? A: It is a motor yacht classified in the cruiser category, constructed with a fiberglass and plastic hull.

Q: Who builds the 45 Cantius? A: The model is produced by Cruisers Yachts and listed through Shestakov Yacht Sales.

Q: What propulsion does it use? A: Power comes from 2 **engines** supplied by

**Volvo** , arranged as **Inboard Diesel** units for reliable performance.

Q: What are the key dimensions? A: The **LOA** measures 45 ft (13.72 m), the **beam** is 14 ft (4.42 m), and the maximum **draft** is 11.209 ft (3.4166 m).

Q: What are the capacities and onboard amenities? A: Important figures include a **fuel capacity** of 362 gal, **water capacity** of 100 gal, and two **heads** . To request more details or schedule an inspection, contact Andrey Shestakov at Shestakov Yacht Sales.

## Owner Experience Review

---

Owners commonly choose the 45 Cantius from Cruisers Yachts for relaxed coastal outings and lively weekend hosting. The seamless transition from cockpit to salon and a main-deck galley that opens aft turn the living area into an alfresco-style space, while the luminous interior and expansive bonded glass create near-360° visibility topped by an electric sunroof. As a dayboat, its expansive swim platform, aft seating that converts, and foredeck sunpads are frequently put to use.

For owner-operator overnighting, the interior plan works well: two roomy staterooms plus a convertible salon settee provide flexible sleeping arrangements for family and guests. Reviews highlight a spacious forward queen, a large mid-ship cabin with private aft/guest accommodations, and approximately 6'4" of shower headroom in the midship head. Common convenience options praised by owners include an optional washer/dryer, under-counter refrigeration, an icemaker, a built-in grill, and a helm laid out for ergonomic operation.

Underway, typical cruise speeds are reported near 24 mph, with observed top-end speeds around 31–32 mph in trials using IPS 500. The IPS pod setup with joystick control simplifies close-quarters handling, and the yacht still leans

into turns like a conventional deep V hull. Professional test reports mention excellent seakeeping in rough conditions with low vibration and subdued water noise. On the maintenance side, owner forums note early gelcoat wear on some boats, and IPS pods demand regular service (pod oil changes, anode replacement, anti fouling) that can produce noticeable yearly costs; the positive is that mechanical and electrical systems are generally well labeled and easily accessed. Typical pre purchase checks recommended include assessing gelcoat condition, bonded glass seal integrity, and verifying IPS service records.

## Pros and Cons

- Cockpit-to-salon continuity with a main-deck galley and an opening aft bulkhead creates an effortless entertaining environment.
- Two generously proportioned staterooms plus a convertible settee and ample shower headroom support owner-operator cruising with guests.
- IPS joystick maneuverability, deep V cornering character, and strong rough water capability with low vibration give confidence offshore.
- Some owners have experienced premature gelcoat oxidation on certain vessels.
- IPS pod systems require routine oil changes, anode replacements, and anti fouling treatments, increasing annual service expenditure.
- Survey emphasis should be placed on bonded glass seals and a complete, documented IPS maintenance history.

## Comparison with Other Models
